

LIONS SPONSOR SEMI PRO OPENER JUNE 6

The Hamlin Lions Club will sponsor the season opener of Hamlin Merchants, local Semi-Pro team, here Saturday, June 6, at 8 p.m. in the Hamlin Hamlin Ball Park, according to Lester Minton, club president.

The Merchants will play a team from Lubbock in their opener and then will play another team from Lubbock, the Skyliners, the following afternoon, according to Bill Adair, team manager.

The Merchants will play Aspermont here this Sunday in a warm up game at 3 p.m.

Proceeds of the Saturday night game will go to the Lions Club, Adair said.

The local club is composed of players 16 years of age and older. This semi-pro team has gone to state play-offs in Lubbock for the past four years.

Anyone interested in playing ball with this team may contact Adair.

Public Invited To Hear Gainsville Youth Choir Mon.

The public is cordially invited to hear the Youth Choir of First Baptist Church of Gainsville present a choral concert on Monday evening, June 1. A full program of varied religious music, including anthems, hymns and spirituals will be given at 7:30 p.m. in the auditorium of First Baptist Church here.

No charge or offering will be taken at the concert. The choir has worked in their home town to pay the travel expenses of their trip. Some girls, 14 boys, and seven adult sponsors will be staying in homes in Hamlin for the night. The host church has planned a fellowship supper to greet the choir when they arrive. Following the program the youth will be invited to remain for an entertainment musical treat in the church fellowship hall.

Everyone is invited to hear this outstanding youth choir directed by Mr. Glendon Sanders, music graduate of Baylor University.

School Paving Program Underway

Paving is underway this week by the Hamlin Public Schools on the north of the field house at the football stadium. Also, the alley between the high school building and gymnasium is being re-topped.

Hayter Construction who has been contracted to pave several streets in southwest Hamlin is doing the work.

Fourth row: Jerrell Kimmel, Weldon Estes, George Stovall, Charles Dodd, Jaylon Fincannon, Jeff Willis, Nicky Moore, Lewis Lawlis, Dewane Bundas, Doyle Bell, Joe Hayes, Gary Jay Tommy Robertson, Jesse Goolsby.

COUNTY CANDIDATES REPORT PRIMARY CAMPAIGN EXPENSES

A. J. French Jr., who did not have an opponent, spent more money to get the Democratic nomination in the first primary than any other candidate in Jones County. Mr. French, the present tax assessor-collector, spent to total of \$761.40, according to records on file in the county clerk's office.

Costs of holding the primaries are assessed against the various offices. If there is more than one candidate, this total is divided equally among them. French paid \$686.40 for this purpose and \$25.00 each to the county newspapers for his announcement.

Ben Neidecken, who received the nomination as county attorney, was the next highest in point of money paid out, Mr.

Carol Joe Simpson Receives Degree From Baylor

Carol Joe Simpson received her bachelor of arts degree from Baylor University Friday in Waco. Her parents, Mr. and Mrs. Joe A. Simpson, spent Thursday and Friday in Waco attending graduation activities at the University.

They attended the traditional Ring Out Service of Seniors and Juniors at the Burleson Baylor Quadrangle, the President's reception, Baccalaureate services delivered by Rev. Joe Weldon Bailey, outstanding Baptist minister.

Judge Joe Albritton of Houston delivered the commencement address Friday morning.

Carol Joe will spend the summer in Hamlin and then in Sept. will enroll in a Baptist Seminary for two years of study on a master's degree in religion.

First Baptist Youth To Attend Six Flags Youth Rally June 2

Two charter buses will take youth of First Baptist Church to a Six Flags Youth Rally on Tuesday, June 2.

Thousands of teenagers and sponsors over the state will be attending the all-day fun and evening rally at Six Flags. The theme of the day is "The Seventh Flag Over Texas", which will climax with a lake-side rally on the grounds led by outstanding athletes, movie stars, and other personalities.

Over 60 from the local First Church will be going on the buses. Several adult sponsors and parents will accompany the group as well as the Lenard Hartleys and S. L. Tates.

Jerry Larned, D. C. Andrews, Dan Truelove, and Sam Walker participated in the coaches tournament sponsored by a sporting goods company in Wichita Falls Saturday.

Jones County 4-H Camp Will Be Held June 1, 2 at Lueders

The Annual Jones County 4-H Camp will be held at the Lueders Baptist Encampment grounds on June 1 and 2, according to information this week from Jones County Extension Agents, Mary Y. Newberry and Kirby Clayton.

Registration will begin at 8:30 a.m. on June 1 at the camp grounds and the program will begin with assembly at 9:00 o'clock.

Camp activities will include a snake and wildlife display, safety demonstration and talk on artificial respiration, swimming, horseshoes, washers recreation and movies on Wildlife and other entertainment.

To date, over 145 people have signed up for the camp.

Work Completed On Fisher County F. M. Highway 57

The construction work has been completed on 7.04 miles of F.M. Highway 57 in Fisher County. A contract was awarded by the Texas Highway Commission on May 3, 1963, for construction work consisting of two projects: F. M. Highway 2320 in Kent County and F. M. Highway 57 in Fisher County. F. M. Highway 2320 was completed in October, 1963, but due to the closed asphalt season F. M. Highway 57 could not be completed until after April 1, 1964.

The Fisher County project begins at the intersection of F. M. Highway 419 approximately 10 miles north of Sweetwater and extends east and north-east along an existing county road to the intersection of State Highway 70, approximately seven miles south of Roby.

Winners Told in Stonewall Girls Fair Held Last Week

The Stonewall County 4-H and F.H.A. Fair was held last week with the girls entering over 200 entries. Carolyn Sander, daughter of Mrs. Norman Sander, and Judy White, daughter of Mrs. Bernice White, winning the Senior Division, and Lynn Ward, daughter of Mr. and Mrs. Ned Ward, won the Junior Division.

The contest was held in the Aspermont Home Economics Room under the supervision of Mrs. Bill Jones, Home Making teacher of Aspermont. The contest was judged by Home Demonstration Agents from Fisher County, Alice Kemp, and Kent County Agnes Marrs. Others helping with the Fair were: Ann Cumbie, Dianne Hill, Frances Baldree, Judy White, Rita Baldree, Lyn Ward, Mrs. Samford, Hafley and Dalby.

Runners up were: Junior Division—Karen Shadle and Jimmy Dalby. Senior Division—Brenda Dalby.

Duplicate Bridge

First place winners in the Hamlin Duplicate Bridge Club meeting at the Oil Mill Guest House were Mr. and Mrs. Henry Albritton. Dan Gallagher and Starr Inzer tied for second with Mrs. W. O. Willbanks and Mrs. Floyd Briscoe.

58 HAMLIN SENIORS RECEIVE DIPLOMAS HERE MONDAY NIGHT

In commencement exercises introduced by Supt. C. F. Cook, Connie Jo Duncan played the professional.

The invocation was given by Rev. W. G. Irwin, pastor of Central Avenue Baptist Church. Joyce Smith, salutatorian, gave the welcome.

A tribute was paid in memory of the late Ronnie Fleniken as the audience observed moments of silence. Ronnie, son of Mr. and Mrs. T. W. Fleniken, would have been a member of the 1964 graduating class. He was killed in an automobile accident here Oct. 27, 1962.

Diplomas and awards were presented by Fred B. Moore Jr., president of the school board, Principal B. V. Newberry and Supt. Cook.

The class gift of \$200 was presented by Jeff Willis, class president, to Supt. Cook who accepted for the school.

Kathleen Hallmark, valedictorian, gave the farewell. The singing of the Piper Song climaxed the program. Honor graduates recognized were Marsha Goodgame, Polly Jackson, Sue Johnson, Kay McCoy, Pam Smith and Gary Jay, who was high ranking boy.

Teacher Resigns

Mrs. Joe Wayne Carter, homemaker teacher in Hamlin High School, has submitted her resignation this week to Supt. C. F. Cook.

Mrs. Carter, a member of the Hamlin teaching staff for 11 years, resigned to devote her time to her family. She and her husband, an employee at Celotex Corp., are the parents of a son, Joe Bob, who is six weeks old.

Mrs. Carter received her degree from Texas Woman's University at Denton. She taught in the school system at Lorraine before coming to Hamlin.

A 4-H Roundup Career Fair has been planned for all 4-H members Wednesday afternoon. At this time each department in the Texas A. M. University System will be prepared to counsel with 4-H members and explain career opportunities available.

Roundup will close with a banquet honoring contest winners Wednesday evening.

Adults accompanying 4-H members from Fisher County in addition to Mrs. Mitchell are Mrs. Jerry Robertson and Alice Kemp, County Home Demonstration Agent.

Witt Jewelry To Move June 1

Witt's Jewelry is moving to a new location this week in the new building recently built by John D. Ferguson.

Mr. and Mrs. Witt are continuing the operation of their business in the old location at 227 South Central this week but will be completing the move for opening Monday, June 1, at the new location, 247 S. Central.

ONLY ONE BCX TO BE OPEN HERE IN SECOND PRIMARY

A drastically reduced number of polling places will be open for the second Democratic primary in Jones County, Louis Johnson, county chairman, said Monday. Election is June 6.

One state-wide race is yet to be decided. Congressman at Large Joe Pool failed to get enough votes out of the field of five running and will contest with Robert W. Baker of Harris County.

There are no county-wide races in Jones County but Lem Ruark was seven votes shy of a majority in Precinct 3 as county commissioner and his name

24 Players Take Part in Woman's Golf Tourney Here

Players from Stamford, Breckenridge, Knox City, Haskell and Snyder were here last Tuesday for the Woman's Golf Tournament at Lakeview Golf Course. There were 24 women entered in the event.

In the nine hole play, low gross, Ruby Vincent of Breckenridge was first and Mrs. C. L. Cromwell was runner-up. Low net was Odell Harbert of Knox City as winner and Mrs. E. D. Perrin as runner-up. Mrs. Norman Brewer of Breckenridge was best on low putts.

Mrs. David Ballard of Stamford was winner of low gross on 18 holes followed by Finnie Scale of Snyder. Opal Dunnam of Haskell was winner on low net and Ruby Medford of Haskell was runner-up. Mrs. Wilson Brannon of Hamlin was top on low putts.

Dr. M. L. Smith and Don Compton assisted in staging the tournament.

Calvary Baptist Bible School Set For Next Week

Calvary Baptist Church Bible School will be held next week June 1-5, from 2 to 4:30 p.m. There will be classes for beginners through juniors.

Sunset Baptist Bible School Dates Set: June 1 to 5

Sunset Baptist Church Bible School will begin Monday, June 1 and run through Friday, June 5.

Classes will be from 2 to 4 p.m. and will include nursery through intermediates.

Correction

In last week's graduation edition of the Hamlin Herald items about two of the Hamlin High School seniors were in with seniors of Old Glory.

We would like to correct this mistake by mentioning that Jesse Goolsby and Patricia Harkey were members of the Hamlin High School graduating class.

Also, in all the confusion of getting the senior section ready to print, Phyllis Scarborough's story was omitted. That is how she made the front page.

Stonewall 4-H's To Send 12 to State Contest at A & M

The annual State Contest for 4-H's of Texas will be held on June 2, 3, and 4, at College Station.

Stonewall County has qualified 12 for the contest and they are:

Livestock Judging: James Branch, Bea Cochran, Ann Cumbie and Brenda Dalby.

Poultry Judging: Charles Diers, Stanley Diers, Mike Baldree, and Judy White.

Farm and Ranch Demonstration: Nancy and Marvin Vahlenkamp.

Poultry Marketing: Perry Workman and Jackie Samford. Adults accompanying the 4-H's on the trip will be Mr. and Mrs. Herbert Vahlenkamp, Mr. and Mrs. Fredrick Dalby, Pat Cumbie, Doris Branch and Bernice White.

Lana Lancaster To Receive Degree From UT May 30

Lana Claude Lancaster, daughter of Mr. and Mrs. Claude Lancaster, will receive her bachelor of arts degree from the University of Texas college of arts and sciences May 30.

There are 926 seniors who are candidates for degrees. President Lyndon B. Johnson will be in Austin for the graduation.

METTER CONNECTIONS

WINNERS IN STATE FIRE PREVENTION CONTEST—Art students who received honors in the state Fire Prevention Poster Contest are pictured with their teacher and instructor, Mrs. C. Weldon Griggs, seated. Left to right are Diane Bond, second place in senior high division; Revonna Kay Robertson, honorable mention; Jana Ferguson, first place in fourth through sixth grade division; Junior high division: Kathy Moore, fourth place; Linda Bailey, fifth place; Martha Marie Robertson, seventh place and Susan Wilder, honorable mention.

THE MINISTER SPEAKS—

YOUR LIFE IS A PROBLEM

By Rev. Spencer Liles
pastor, Foursquare Gospel
Church

FOR WHAT IS YOUR LIFE
James 4:14

There are three great life sovereign verbs which have much to do with solving life's problems: the verb "to have", the verb "to do", and the verb "to be". So life's problems may be classified and put into three groups: The Problem of Having, The Problem of Doing, The Problem of Being. The problem of having comes first and fills a very important place in solving life's problems. The desire to have is inborn; it is a legitimate; man is a constitutional seeker. It is right that we should have a reasonable amount of earthly possessions. But there is certainly something greater in life for all than to be merely able to conjugate the verb "to have".

Estimated from the standpoint of the verb "to have", the apostles were indeed insignificant, for they had little or nothing. The verb "to have" has to do with only one phase of life, namely the industrial phase. It has to do with making a living rather than making a life. There are many who are making a good living but are making a mighty poor life.

Now comes the problem of "doing". God calls for service: "By their fruits ye shall know them." Religion is more than a message to be heard; it is a deed to be done. It is more than something to be paraded; it is something to be performed. What the world needs is service. It's hurts are not heal-

ed by theories. It was the acts of the apostles which saved the world and not their dogmas.

The business of life is service. The ideal life which the world has known is portrayed in five short words: "Who went about doing good." It is not surprising that the great Gladstone never wearied of saying, "One example is worth a thousand arguments."

The third problem consists in being. This problem has to do with what we are. What you have is important; but what you are is most important.

Earth may ask, "What have you?" Heaven may ask, "What did you?" But God will ask, "What are you?" The world's big word is "get"; the church's big word is "do" but God's big word is "be". God cares more for what you are than what you do.

Men may destroy you reputation, floods may take away your property, and fire may consume your wealth; but you must commit moral suicide before your character dies. Invest in yourself and you will never be poor.

Americans spend only 19 percent of their take-home dollar on food. Compare this to 30 percent by the British, 50 percent by Russians, and up to 90 percent in some under-developed countries. Research on more efficient production and marketing, and better ways to control insects and diseases have helped keep food costs down.

Call your news to the Herald.

Notice to the Public: Any erroneous reflection upon the character of any person or firm appearing in these columns will be corrected gladly and promptly, upon its being brought to the attention of the management.

YEARS AGO...

FIVE YEARS AGO:

First wheat of the Hamlin section and the nation as far as local buyers could ascertain, was brought into Hamlin Monday afternoon. Two loads of the new grain arrived within a few minutes of each other.

Hamlin swimming pool at the City Park will be opened over the week end, probably Monday, declares Football Coach H. G. Andrews, who has made a lease contract with the Hamlin Foundation, builder and owner of the pool.

TEN YEARS AGO:

New sewer and trash pick-up rates adopted recently by the Hamlin City Council, as outlined to pay for the bonds voted last year to improve the city's water and sewer situation, will go into effect with next month's billing.

Market Poultry Co. with headquarters in Anson, this week announces its purchase of the McBride and Johnson grain buying firm.

FIFTEEN YEARS AGO:

More than 200 people attended the reception for Dr. and Mrs. E. J. Hawkins Sunday afternoon at the Hamlin High School auditorium. Dr. Hawkins recently assumed charge of the Hamlin Memorial Hospital.

A set of Norton chimies has been added to the Hammond electric organ facilities recently installed at the First Baptist Church.

Rainfall for the year 1949 this week reached a total of 12.85 inches, according to Bill Rountree, government rain gauger at Hamlin.

TWENTY-FIVE YEARS AGO:

Rains varying from two to four inches, fell over the territory Monday night to give the crops a needed drink and break a drought of several weeks duration. Most farmers had "dry-planted" their cotton and maize, and the Monday rains should give them a good send-off.

THIRTY-FIVE YEARS AGO:

Rev. J. Walton Moore, Baptist Missionary to China, who last November conducted a missionary school in Hamlin, writes Herald Editor Bowen Pope that he recently had been caught in the middle of a revolution in the city where he has been doing missionary work. Rev. Moore was not molested, but reported that thousands of poor ill-equipped Chinese who knew little about why they were fighting, were killed in the insurrection.

America's first billionaire was John D. Rockefeller.

Who is at the Helm?

Who guides our lives? Are we a ship without a helmsman? Are we adrift, going no place?

Thanks be to God, who loves us so, He is willing to guide us, to show us the way over all manner of seas. How glorious to know there is such a One! All of us follow someone, some standard, but the true standard is God and His Word.

Let Him take over the wheel. He doesn't promise smooth sailing all the time, but He promises to guide us through the storm, and show us the way over calm and sweet but sometimes marker-less seas.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones; and thou shalt be like a watered garden, and like a spring of water whose waters fail not."

Isaiah 58:11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DAVID DUMMOND RUNS BEST RACE FOR SECOND IN STATE

David Drummond, Hamlin's gritty little miler ran the fastest time of his career in Austin on May 9, but it was only good enough for second place behind the defending state champion Walter Reyna of San Diego, Texas. Reyna hit the tape with the fastest time in all classes with a clocking of 4:22.4. Drummond, a crowd favorite, stayed in fifth place with 140 yards left to go, but then made his move and sprinted away from the field gaining distance fast on Reyna. But the yards ran out and Drummond had to settle for second with a fine time and another school record of 4:28.9.

Coach Jerry Larned praised the young miler saying he believed he ran the best race of the year. "David ran a very smart race," commented Larned. "He ran very close each quarter to the time we had designated before the race."

David's time was 63.4 at the first quarter, 2:12.8 at the half mile, 3:24.1 at the three-quarter, and then he anchored with a fine quarter of 64.8.

Coach Larned admitted, "I believe David has as much ability as any youngster I have

DAVID DRUMMOND
... second in state meet

ever seen. He has every thing in his favor for next year. He is only 16 years of age now, thus he should be much stronger, more experienced, and we hope to get an earlier start on his training next year."

If everything works as it should, Hamlin High School may have its first state champion next year.

64 PERCENT OF ALL DROPOUTS OCCUR IN GRADES 9 AND 10

COLLEGE STATION — Sixty-four percent of all school dropouts occur in grades 9 and 10, says Patsy Reynolds, Extension Service family life education specialist at Texas A&M University.

Another 34 percent of school dropouts take place in grades 11 and 12, she says. This is the age when young people want to be free of authority and earn their own support.

Dropouts aren't necessarily less intelligent than their schoolmates. Many factors enter into their leaving school. A major one is parents who place little value on education.

"The dropout usually doesn't achieve in the classroom, is irregular in attendance, gets along poorly with his teacher, resents school authority, and may be 2 years behind his age group in the classroom."

What happens when the dropouts look for a job? The unemployment rate for those 16 to 19 years of age is 24 percent, compared to 16 percent for all age groups. When he surveys his friends who did graduate, he finds that nearly twice as many in his age bracket had jobs in 1962.

Employment is the professional and technical jobs which require advance education increased 47 percent in the last 10 years, while employment in the laboring jobs requires less education increased 10 percent

in the same period. The future does not look bright for the school dropout and his family, the specialist said.

Agent Tells Ways To Eliminate Lawn Insects

Insects infested lawns can be a nuisance to people as well as pets says Jones County Agent Kirby Clayton. Chiggers, fleas and ticks usually infest yards and spoil many outdoor activities during the spring months. However, these pests can be eliminated with a minimum amount of work and expense.

For the control of chiggers, Clayton recommends using 2 pounds of 5 percent Chlordane or 1 pound of 20% toxaphes dust per 1000 square feet of space. For fleas use 1 pound of 4 percent Malathion dust per 1000 square feet of space. Dogs and other pets should be dusted or dipped in a ½ percent Malathion solution.

The Agent concluded with these few words of warning. Most insecticides are poisonous and should be handled with care. Head the manufacturer's label and follow directions when mixing and applying insecticides. Children should be kept away from treated areas for several days after application.

GARY CAUBLE TO ATTEND ATOMIC SYMPOSIUM IN AUSTIN

Hamlin High School has been selected by the University of Texas as one of ten schools in the area served by West Texas Utilities company to send a student and a teacher to the 4th Annual Atomic Symposium to be held in June at the University of Texas in Austin. Selections of schools receiving invitations to attend was made by members of the University faculty. The manner of determining the name of the science student and his or her instructor was left to the decision of local school officials. B. V. Newberry, high school principal, announced today that Gary Cauble, student and Harold Williams science instructor at the high school, have been chosen to attend the symposium.

The 4th Annual Atomic Energy Symposium for high school students will be conducted under the joint sponsorship of the University of Texas and the Texas Atomic Energy Research Foundation.

The Texas Atomic Energy Research Foundation is a non-profit organization composed of eleven investor-owned electric utility companies operating in Texas. West Texas Utilities Company is a contributing member of the Foundation. The Foundation was formed for the primary purpose of conducting the world's first and largest major research program in the field of nuclear energy. Currently the Foundation and General Dynamics Corporation are jointly sponsoring a program in nuclear fusion research aimed at controlling thermonuclear reactions for the production of electric power. Fusion is the energy process of the sun and the stars.

The purposes for which the Foundation was formed, however, are broader than the fusion research program alone. It is the desire of the Foundation and WTU to assist in advancing the knowledge of nuclear science in Texas schools and to bring students and teachers a realization of the privileges, responsibilities and opportunities which scientific discoveries in the field of nuclear energy present.

In line with these objectives, the Foundation and WTU will again sponsor the three-day nuclear science symposium at the University of Texas. The lecturers will be chosen from among top men in their field. They will come from various

universities and colleges and General Dynamic's John Jay Hopkins Laboratory in San Diego, California.

The Nuclear Science Symposium at the University of Texas is designed to broaden the mind, encourage the study of nuclear science for peaceful purposes, and give qualified students their first taste of university life.

Agent Suggests Ways to Control Ants with Poisons

Ants are becoming a nuisance in homes and lawns in many sections of the county. These pests can be effectively controlled when recommended insecticides are used, advises Jones County Agent Kirby Clayton.

Among the most popular and effective insecticides for ant control are chlordane and dieldrin. These may be applied along window and door sills, foundation cracks, baseboards and other possible runways for the ants. Some nesting places for ants are behind walls, in closets, in furniture and other dark undisturbed places. When a nesting place is found, one of the following practices may be followed to destroy the nest.

Effective control, in most instances, depends upon locating and destroying nests and thoroughly treating the area with proper insecticides. When ants are found in the house they may be controlled by applying 2-3 percent chlordane or 0.5 percent dieldrin household sprays. These materials may also be applied with a small brush. Repeat the application as needed to maintain control of the pests.

Outside the home, apply a band of insecticidal dust or spray around the foundation wall and treat all nests found in the yards. For outside control, 10 percent chlordane, 2 percent dieldrin or 5 percent heptachlor dusts are effective. Granular formations and sprays of these materials are also available and are convenient to use.

When using these or any other poisons for control of pests around the farm and home, always be sure to read and follow directions printed on the label of the container, says Clayton.

9 PERCENT OF STOLEN CARS ARE NEVER FOUND BY POLICE

AUSTIN, Texas, May 20, 1964 — The "Mystery of the Missing Vehicles" has been baffling Texas Highway Department and police officials for a long time.

Each year approximately 17,000 automobiles are stolen in Texas. Most are recovered eventually, but a relatively large number — about nine percent — never are found. They seem to vanish, like a vapor trail of a high-flying jet.

"We don't have even a single clue," says R. W. Townsley, Director of Motor Vehicle Division, Texas Highway Department.

Townsley is a member of the Texas Police Association's Major Crimes Committee. The committee is holding seminars around the state to enlist the aid of small-town officials in watching for these and other stolen vehicles.

Police statistics show that an automobile is involved in over 90 percent of major crimes committed in Texas, and it is through license plate identification that many a car has been traced and criminal apprehended. Hence Townsley's place on the committee.

None of the missing vehicles — in toto or in recognizable part — ever have turned up in Texas or in any surrounding states. It's as if they never had existed.

Usually, stolen vehicles turn up somewhere, Mexico for instance. But our neighbors South of the Border haven't uncovered even one of the missing cars.

Searching of junk yards has proved fruitless, too. The wrecking yards are checked anyway by Department personnel. It's just policy. Current plates on wrecked automobiles are picked up by

THD field men and destroyed on the spot, says Townsley, to prevent reuse of stolen automobiles.

Until 1961, scrapped cars — complete with plates and negotiable ownership papers — could be purchased for \$50. To prevent both plates and papers from falling into the hands of auto theft rings, the Texas Legislature passed a law in 1961 requiring each salvage yard operator in Texas to remove immediately the current plates from any vehicle purchased as salvage. The plates and papers then are kept under lock and key until claimed by the Highway Department.

"We pick up an average of 10,000 titles and 3,000 current license plates per month," reveals Townsley.

Meanwhile, officials of the Texas Highway Department and the police seek a clue to the missing vehicles.

BABY BORN

Melinda Sue is the new daughter of Mr. and Mrs. Jay Cunningham of Fort Worth. She was born May 20 and weighed 7 lbs. 9 ¾ oz.

Mr. and Mrs. C. R. Dalby of Fort Worth are maternal grandparents.

The paternal grandparents are Mr. and Mrs. L. J. Cunningham of Hamlin who returned home Thursday after a visit with the family in Fort Worth.

Mr. and Mrs. Fred Jay of Hamlin are the maternal great-grandparents. Mrs. J. T. Cunningham of Roby is the paternal great-grandmother.

One of the oldest settled sections of the U. S. A. is the Shenandoah Valley.

Lone Star Gas Co. To Operate New Storage System

DALLAS: — Lone Star Gas Company has received Railroad Commission of Texas approval to operate an underground natural gas storage project 10 miles south of San Angelo in Tom Green County beginning July 1, according to Carl M. Hill, Lone Star's exploration and gas supply vice president. Construction of above-ground facilities is scheduled to begin Aug. 1.

Designated the Pecan Station Storage project and scheduled for completion in early 1965, the project will have a storage capacity of 2.2 billion cubic feet of natural gas in the Canyon Lime formation at a depth of 4,400 feet. Gas storage is expected to begin during the fall of 1964, Mr. Hill said.

Mr. Hill indicated that maximum injection will approach 10 million cubic feet of natural gas per day during the summer months, and maximum withdrawal potential will be 50 to 70 million cubic feet during any given 24-hour period. The company also hopes to recover more than 600,000 barrels of oil

from the storage reservoir during its active life.

Initially, Pecan Station primarily will serve the company's San Angelo distribution system. However, the company plans to join its RH pipeline system with its R pipeline system thereby increase the utility of the Pecan Station storage. The Pecan Station project is located one mile from the company's RH pipeline system.

Pecan Station will be the eighth gas storage project operated by Lone Star. Seven such projects, now in operation, have a total storage of 78 billion cubic feet of natural gas and a maximum withdrawal rate of 617 million cubic feet of gas.

Is this your child's favorite sport?

Like many youngsters, your child probably spends long hours watching his favorite sports—and precious little time participating in them. If inactivity is the order of the day for your child, he may—like one third of our school children—be unable to pass minimum physical fitness tests. Many schools are stepping up their programs of physical education. But in a surprisingly large number of them, there is still not enough emphasis on daily vigorous activity. For the sake of your child's physical and mental progress, make sure that your school puts sufficient emphasis on physical education. To help you evaluate the program in your school, send for the free leaflet offered by the President's Council on Physical Fitness, Washington 25, D. C.

BARBARA HATFIELD AND PHIL SMITH EXCHANGE VOWS HERE

Barbara Ann Hatfield and Philip Mitchell Smith were united in marriage Friday evening in the home of the bridegroom's parents, Mr. and Mrs. Phil E. Smith. The bride is the daughter of the late Mr. and Mrs. A. D. Bond Sr. of Dallas.

Deidra Cox of Clifton, cousin of the bridegroom, lighted candles.

Mrs. David Wade was matron of honor and Philip Miller was best man.

Rev. Royce Womack, pastor of the First Methodist Church, read the double ring ceremony.

Pam Smith, sister of the bridegroom, was pianist. Mr. Smith, father of the bridegroom, was soloist.

The bride was given in marriage by E. W. Ueckert.

The reception was held following the ceremony with Mrs. Philip Miller and Miss Smith serving. The table was covered with a white linen cloth and centered with an all white arrangement flanked by white tapers.

The bride is a graduate of Adamson High School and Draughton's Business School in Dallas. She is employed by Celotex Corporation.

Smith is a graduate of Hamlin High School and is employed by

Judy Fitzgerald Honored Saturday With Morning Party

Judy Fitzgerald, 1964 graduate of Hamlin High School, was honored with a morning party on Saturday, May 23, at the home of Mrs. John C. Bryant. She is the daughter of Mrs. C. L. Howard.

All senior girls were invited guests. The honoree was presented a gift by the hostess and all guests were presented with favors.

The centerpiece was a large owl with black cap surrounded with identical smaller owls. When leaving each girl was given a small owl inscribed with her name.

Mrs. Bryant was assisted in serving by her daughter, Cindy, and May Gay.

Judy will enter Hardin-Simmons University in Abilene this fall.

... by Nunley Plumbing and Air Conditioning.

Mrs. Guy Weaver Installed President Of Beta Theta

Mrs. Guy Weaver was installed as president of the Beta Theta Chapter of Beta Sigma Phi at the Wednesday meeting in the home of Mrs. W. T. Johnson.

Mrs. Wilson Brannon, retiring president, conducted the installation. Other new officers include Mrs. Dewey Nunley, vice president; Mrs. Jack Williamson, recording secretary; Mrs. F. B. Moore Jr., corresponding secretary; Mrs. Jerry Larned, treasurer; Mrs. David Casey, reporter; Mrs. Johnson, sponsor; and Mrs. Duane Stallcup, director.

Mrs. Brannon gave the retiring officers a bracelet charm depicting their office in appreciation for their service during the past year. She also presented the chapter with a gavel to be passed on to each succeeding president.

The chapter presented Mrs. Brannon a past president's pin. Mrs. Stallcup and Mrs. Johnson were given gifts of appreciation for their work for the sorority chapter.

The meeting was closed with members reciting the closing ritual and mizpah.

BILLYE BLANKINSHIP
... sets wedding date
... by Nunley Plumbing and Air Conditioning.

Billye Blankinship And Loyd Senn Set Wedding Date

Mr. and Mrs. T. C. Blankinship, 53 South West Avenue H, announce the engagement of their daughter, Billye, to Loyd Clarke Senn, the son of Mr. and Mrs. L. C. Senn of Rotan. The wedding will take place June 20, at the Hamlin Church of Christ.

Miss Blankinship is a 1963 graduate of Hamlin High School and has completed her freshman year at Howard County Junior College, where she was a member of the college choir and Women's Recreational Association.

The prospective bridegroom is a 1964 graduate of Howard County Junior College where he served as president of the student body and was listed among the "Who's Who" in American Junior Colleges. He is also a past state director of the Texas Junior Chamber of Commerce.

Library Club Has Supper and Game Night in Cafeteria

The Hamlin High School Library Club was entertained with a supper and game night May 8 in the high school cafeteria. Approximately thirty-five members and one sponsor, Mrs. Dewey Nunley, attended the supper, which was followed by home-made ice cream and cake. Following the supper, the group played volleyball and ping pong in the old gym.

In 1929 there were 45,000 miles of electrified trolley tracks in the U. S.

LEVERETT-MATHEWS RITES READ IN ABILENE FRIDAY EVENING

OLD GLORY (Sp.)—Double ring rites read in the chapel of the College Church of Christ marked the marriage Friday evening of Billye Clarice Leverett of Snyder and Ronald David Mathews.

The bride is the daughter of Mr. and Mrs. V. R. Leverett of Old Glory. The bridegroom's parents are Mr. and Mrs. Charles Mathews of Newburgh, N. Y.

Mr. Gene Linder, minister of the Old Glory Church of Christ officiated.

Sharon Leverett, sister of the bride and maid of honor, was soloist for music presented by a group of vocalists from Abilene Christian College.

Sandy Spooner of Bloomington and Mary Hall of Crowell were bridesmaids.

Ronald Perkins was best man. Groomsmen were Mike Mathis of Wichita Falls and Delvin Granks of Fort Worth.

Mike Lillard of Midland and Charles Willard of Fort Worth were ushers.

Jimmy Leverett of Old Glory, the bride's brother and Becky Mathews of Newburgh, sister of the bridegroom, lighted candles.

Mr. Leverett gave his daughter in marriage. She wore a

gown of white delustered satin. Scallops edged the full skirt, which extended to form a brief train. Her veil of illusion was shoulder length. She carried a bouquet of yellow roses. Rival attendants wore yellow short sleeved taffeta gowns similar to that worn by the bride. Their bouquets were of yellow mums.

Following a trip to the World's Fair and a visit with the bridegroom's family at Newburgh, the couple will be at home after June 15 at 545 1/2 E.N. 15th St. in Abilene.

The bride was valedictorian of her class at Old Glory High school and is a graduate of ACC. She was a member of Cadettes social club and of Eta Beta Pi. She was named Sweetheart of Eta Beta Pi in 1963. During the 63-64 school year she has been a teacher in the Snyder Public Schools.

The bridegroom is a graduate of Newburgh High School and will receive his degree from ACC Monday. He is a member of Knights social club and Eta Beta Pi. He has been employed at Catchings Cafeteria.

The bridegroom's mother was hostess for the rehearsal dinner.

Ta Wan Ka Camp Fire Group Has Cook-out Thursday

The Ta Wan Ka Camp Fire group met Thursday evening at the City Park for a cook-out. Eagle Scouts, Mike Murphree and Sammy Ferguson, demonstrated camping skills and helped the group in obtaining rank requirements.

The girls, at an earlier meeting with Mrs. E. M. Hames, invited other girls their age who were not participating in the Camp Fire program. They had a picnic, played games and then heard a talk about Africa by Mrs. Hames, who lived in Ethiopia for several years. She also showed pictures that were taken in Africa.

Saturday the girls helped in the V.F.W. Poppy Sale downtown.

Members of the group who will be continuing work on the Fire Maker's rank this summer are:

Jan Young, Royelle Womack, Linda Witt, Sandra Stamford, Reba Pritchard, Kathy La Fernier, Rochelle Kincaid, Peggy Jones, Carolyn Hines, Leslie Harkey, Debbie Hallmark.

Cynthia Foster, Jana Ferguson, and Patricia Feagan.

BIRTHS

Mr. and Mrs. John Travis Turner are parents of a son, Travis Ray, born May 20 at 2:34 a.m. He weighed 7 lbs. 9 oz.

Mr. and Mrs. Edgar Prewitt Harris Jr. of Sylvester are parents of a daughter, Linda Suzanne, born at 8:15 a.m. She weighed 6 lbs. 15 oz.

Twin daughters were born here May 21 to Mr. and Mrs. Elmo Adams of Aspermont. Sheryl Lynne and Teresa Lynne were born at 3:07 and 3:11 p.m. and weighed 4 lbs. 10 oz. and 3 lbs. 9 oz. respectively.

Mr. and Mrs. Hector Ramos are parents of a son, Herman, born May 24 at 2:58 weighing 7 lbs. 12 oz.

A carat is a weight used in selling gems and equals one-140th of an ounce.

KEEPING UP TO DATE ---

FRESH CORN-ON-THE-COB—Fresh corn-on-the-cob, dripping with butter, is a tasty and economical treat.

And no longer do you have to grow it yourself or rush to the grocery store for that fresh-from-the-field flavor. Modern handling methods now lock the flavor in the sweetcorn as soon as it leaves the Florida fields.

Among the pointers in introducing precooking methods to remove field heat from the ears were researchers in the U. S. Department of Agriculture's Agricultural Marketing Service. These scientists also develop better refrigeration methods for shipping and selling sweetcorn.

Corn can now be bought packaged — husked and unhusked — in attractive over-wrap trays or plastic bags that conserve the corn's moisture and reduce selling costs.

Some of these packaging and quality protecting techniques also were developed by AMS researchers as they sought to reduce waste and provide better quality fresh fruits and vegetables to consumers.

Make Your Own Sour Milk—If a recipe calls for sour milk and you have none in the house, food specialists of the U. S. Department of Agriculture suggests you make sour milk by adding 1 tablespoon lemon juice or vinegar per cup of milk and letting the mixture stand for 5 minutes.

Or, use fresh milk and substitute 1 teaspoon baking powder for each 1-4 teaspoon baking soda in the recipe.

IT'S STRAWBERRY TIME

There'll be strawberries in profusion this year — from mid-May through June — reports the U. S. Department of Agriculture.

So make the most of them

while you may. Buy them by the pint, the quart, or more, and enjoy them — in a cream pie, on pancakes, or in a punch.

And when you've eaten all you can, freeze some. Strawberries are the pride of the freezer. They keep their natural color and fresh flavor many months after strawberry time has passed.

And they're so easy to freeze. Just follow these step-by-step instructions from USDA's Agricultural Research Service:

Select firm, ripe strawberries about 2-3 quart fresh berries for each pint of sliced berries to be frozen.

Wash, drain, remove hulls, and slice the berries.

Sprinkle with sugar — 3-4 cup to each quart of sliced berries. Turn berries over and over until sugar is dissolved and juice is formed.

Pack berries in wide-mouthed pint or quart containers. Leave 1/2 inch space at the top of pints, 1-inch space in quarts. Place a small piece of crumpled parchment paper on top of the berries to hold them in the juice.

Press lid on firmly to seal, if plastic container is used.

Label the package with name of fruit and date frozen. Freeze and store at 0 degrees F. or lower.

Mrs. Elmer Joiner Hostess for HD Club Meeting Friday

Mrs. Elmer Joiner was hostess for the Friendship Home Demonstration Club meeting Friday at the Oil Mill Guest House.

Mrs. Carl Young presided.

Mrs. M. S. Johnson and Mrs. Fred Carpenter gave the program on congealed salads.

The hostess served refreshments to 12 members.

PATTERNS FOR PROGRESS

RAW MATERIALS

... direct step in industrial development

Many industries locate near the raw materials used by them and are seen throughout the WTU service area. One example, pictured above, is the carbon black plant of United Carbon Company at Shamrock.

This flourishing petrochemical plant has become an important addition to the economy of this Texas Panhandle town. Such development anywhere creates new jobs, brings more payrolls, and adds many other advantages such as helping to provide new schools like the one pictured left.

Again, here is a PATTERN FOR PROGRESS.

In Texas the annual value of raw materials produced is \$700 per capita, while the value added by manufacture is only \$600. Contrast this with the highly industrialized state of Ohio: There the annual value of raw materials produced is \$125 per capita, while the value added by manufacture is \$1350.

Thus, as these figures show, additional processing of raw materials is the most direct way to sound industrial development. Communities seeking new industry will find that an assessment of local raw materials is the vital first step.

WTU is proud to be a part of your community

Mr. and Mrs. La Foy Patterson and Mr. and Mrs. H. L. Ford are parents of the girls.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — There is a certain sadness around the capitol. An old friend is about to depart.

That old friend is the majestic Walton building. For many years it was the home of the Game and Fish Commission (now part of the State Parks and Wildlife Commission). The building soon is to be demolished, by order of the 58th Legislature, to make way for a parking lot.

The white limestone building with its fanciful towers and elegant facade is an old-timer. Built in 1875, it was the Travis County Courthouse until 1929, when Gov. Dan Moody and the Legislature bargained and bought the building for the state for \$40,000.

Although the Walton building was best known to sportsmen and conservationists coming to call on the Game and Fish Commission, it also was the home of the vocational education area office of the Texas Education Agency, the Rehabilitation District office, and the Texas Aeronautics Commission.

Just when the Walton building will be demolished is a decision due to be made by the State Building Commission, composed of Gov. John Connally, Attorney Gen. Waggoner Carr, and Charles Coats of Chappel Hill, chairman of the Board of Control.

SABINE WATERS PLENTIFUL — Surface water supplies of "excellent quality" can be developed in the Sabine River Basin of Texas and Louisiana, Texas Water Commission reported.

Average annual rainfall ranges from 40 inches in the northwest to more than 56 inches in the southeast. Annual runoff averages 13 inches, according to the TWC report.

Water was termed excellent in existing Lake Tawakoni, Greenville Reservoir, Lake Gladewater, Lake Cherokee and Murvaul Lake. Satisfactory to excellent quality water was found at the proposed Kilgore, Cherokee Reservoir No. 2 and Toledo Bend, Big Sandy, Rabbit, Carthage, Staline, Tenaha and Bon Wier Reservoirs.

Additional studies of water quality at the proposed Lake Fork Reservoir were recommended.

POLLUTION BY SALT WATER — At the request of the Railroad Commission Atty. Gen. Waggoner Carr is reconsidering his opinion that the Texas Water Pollution Control Board has jurisdiction and permit granting power over oil-field waste disposal.

Oil operators told a special committee reviewing the opinion that much of the oil industry has not accepted the new Board's jurisdiction, and look instead to the Railroad Commission for disposal regulation.

Water conservationists support the Board's authority, claiming that the 1961 Legislature gave the Pollution Control Board jurisdiction over pollution by oil and salt water in Art. 7621d.

TRAVEL WRITERS' TOUR — Texas Tourist Development Agency is looking at West Texas for a repeat of its successful

PHILOSOPHER WANTS TO KNOW HOW EGYPT SWINGS THESE BIG HAND-OUTS FROM TWO SIDES

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 comes up with a hard question to answer this week.

Dear editor: I was glancing through a newspaper last night and ran across a picture of President Nasser of Egypt giving Premier Khrushchev of Russia a bear hug and a continental kiss on the cheek in appreciation for half a billion dollars in aid and my reaction was, some people will do nearly anything for half a billion dollars, but then I read the article accompanying the picture.

Decker Family Reunion Held Last Week at McCaulley.

A reunion of children of the late Mr. and Mrs. R. M. Decker of the Royston community was held last week end in the home of a son and family, Mr. and Mrs. Martin Decker of McCaulley.

Old time friends of the Decker family, children of the late Mr. and Mrs. J. C. George, were also invited to the Decker family get-together. Mrs. Martin Decker was a member of this pioneer Fisher County family. Others of the George family who attended were Mrs. Jewel Beard of Hamlin, Mrs. Hearn Eaton of Seagoville, and Mrs. Arwin Strain of Austin.

The Decker family who attended, besides the family of Martin Decker, included the families of Mrs. J. L. Altum and Marvin Decker, all of Abilene; Mrs. Bill Donham, Hamlin; Odie Decker, Lovington, New Mex.; Lee Decker, Rotan; Mrs. Clarence Boyle, Hutchinson, Kansas; Winifred Decker, Arlington; Joe Decker, Comanche.

In the group was an aunt, Mrs. R. H. Decker, Brownfield, and an uncle, George Decker, Grand Prairie. Others attending were Mr. and Mrs. Kenneth Decker, Midland; Mr. and Mrs. Julius Decker, and Mrs. Bobby Thomas and family, Grand Prairie; Beatrice Decker, Dallas; Mrs. Winston Roach and daughter, Abilene; Mr. and Mrs. Robert Altum, Mrs. Aubrey Altum and daughter, Abilene; Mrs. Bill Laught, Pampa; Mr. and Mrs. Oscar Decker and family, and Mr. and Mrs. James Decker and family, Abilene; Mrs. Karl Snell and family, Seagoville; Mrs. L. A. Eaton, Hamlin; Virginia Kocklin, Elgin Ray Ma-berry, Mr. and Mrs. Joe Hopkins and family, all of McCaulley.

held here July 10-12. More than 1,600 junior and senior high school students will attend.

Delegates will discuss juvenile juries, vocational training, public awareness projects, church and youth activities and other projects resulting from the 1963 meeting.

Program is based on the idea that Texas youth can find solutions to their own problems.

Noting that 40 per cent of Texas crimes are committed by youth under 21, Atty. Gen. Waggoner Carr termed the conference a vital step toward finding new cures to an old problem.

REDISTRICTING HEARING SET — First meeting of the Texas Legislative Council Committee on congressional redistricting is tentatively set here for the weekend of May 30.

Sen. George Moffett of Chillicothe, chairman, said he probably will call an informal session at that time, as most study committee members will be in Austin anyway for President Johnson's address at the University of Texas.

Hearings in major cities over the state, to seek public advice on how to carve up districts on an equal-population basis under court order, will begin after the second primary elections, June 6.

Moffett, Texas' oldest lawmaker in point of legislative service, said he doesn't think the public is nearly as interested in the problem of redistricting as political furor over recent court action indicated.

He indicated there will be no revelation of the study committee's final recommendations for redistricting bill before the Legislature convenes in January.

Venice is built on 119 small islands separated from each other by channels.

According to it, Russia has spent half a billion dollars building a big dam for Egypt, and Mr. Khrushchev was in Egypt to get the proper credit for it.

On the other hand, the United States has spent nearly a billion and a half, three times as much, on aid to Egypt. On the theory I guess that avoiding a kiss from Nasser comes high. Surely we could have found somebody who would have volunteered, just to save the country a billion dollars.

I don't know anything about this guy Nasser, but I'd like to, I'd like to learn some more about his system of getting money from the United States to keep from going communist and money from Russia to keep from going capitalist.

You reckon he's working on getting money from the Democrats to keep from going Republican and from the Republicans to keep from going Democratic? Has he thought of working Red China against Formosa? How about De Gaulle against England? Jones County against Fisher County?

If he can keep the system going, it won't be long before the desert sands of Egypt will flourish and it's possible we can apply to him for aid to keep from going Castro.

Speaking of Castro, I have a notion he'll go down in his-

tory as the man who lost his country's cigar trade with the United States right when cigarettes were given a bad name.

As for Nasser, we ought to study his methods a little closer. If I could just get two banks competing with each other to see which could lend me the most money...

Yours faithfully,

J. A.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Most of the farmers are happy this morning, that their wheat is out, since Saturday has been ideal wheat cutting weather and most of it got ready at the same time, so combines have really been going full speed. Some few patches are still too green, but a few more days of hot dry weather, like we are having, with no rain and nothing will be green. Some of the cotton that has been planted is coming up and lots of it will never make it, too many drying winds, at the time of planting. That is farming, if it isn't one worry it is another, but after all it is a pretty good life.

Services were dismissed Sunday night at our church, for the Baccalaureate exercises at Hamlin School, with most of the folks attending. Fifty-eight seniors are graduating this year and it is always a thrill to see them in their robes, trying to show how dignified they are, since they are graduating from high school. Our young people are our leaders of tomorrow, and we think they should be encouraged instead of criticized, and may all of their future plans work out for the best to them.

The Wainwrights have received word that the son, Weldon, who lives in Indiana, has not been improving as it was hoped, so at this time he is at the Mayo Clinic having tests made to determine the nature of his illness. It will be a few days before the Wainwrights know anything further.

Mr. and Mrs. Ben Edge, of Stamford, cousins of Elmer Elmer Joiner, visited with the Joiners Friday afternoon. They had been to the Hamlin Hospital to visit Mrs. Newcomb, a resident of Stamford, and mother-in-law of Mrs. Millie Newcomb, of Hamlin.

Mr. and Mrs. Bill Johnson, Dallas, visited several days last week with the Jack Wrights. Mrs. Johnson was with them at prayer meeting Wednesday night. After services were over they went to Stamford to visit with Mrs. Monice E. Tabb and the new

son. Ralph Riddle had a painful accident last Thursday, when a horse bucked him off, cracking a bone in his knee, putting him in the Hamlin Hospital. It was being told that he had worried his grandson Tommy about getting on the horse, out in the pasture without being saddled, but it seems that somebody forgot to warn Grand dad, so he got bucked off.

Mr. and Mrs. Jimmy Joiner and children spent Saturday afternoon and night with his parents, Mr. and Mrs. Elmer Joiner. Little son, Ronald is excited over playing baseball in the Pee Wee League in Stamford.

Mrs. Mary E. Tanner and son Larry, Abilene, were visitors with Rev. and Mrs. Kenneth Leverett, Sunday, then they all attended the services at the high school Sunday night. Mrs. Tanner's niece, Polly Jean Jackson, is a member of the graduating class.

Mr. and Mrs. Ted Wright, Monahan, have been visiting in Hamlin with the Jack D. Wrights and his parents, Mr. and Mrs. Jack Wright.

Mr. and Mrs. Flavil Holmes went to Abilene Sunday afternoon to get his mother, Mrs. Alma Holmes, who will spend a few days with them.

Lets all remember Family Night, this coming Friday night, in the home of the pastor, who resides at 619 N.W. Ave. J, in Hamlin. The Leveretts have been very busy remodeling their house, so they are ready to show what they have been working on, so lets be there and visitors are always welcome.

Wins Prize

Mrs. Grace Brewer, former resident of Sylvester now living in Abilene, was one of the "Price It Right" winners in the recent no-obligation contest sponsored by Thorton's Department Store.

She received \$199.03 in merchandise.

A tarantula has been known to live longer than 25 years in captivity.

Jones County HD Council Meets in Agents Office

The Jones County Home Demonstration Council met in the office of Mary Y. Newberry for its May meeting with Mrs. Elmer Joiner, chairman, presiding.

Mrs. Chancey and Mrs. Joiner reported on the District meeting held in Crowell on April 28. 184 women from this district attended the one day meeting. The State meeting will be held in Houston on September 16-17. A County wide rally day will be held in the Anson Lions Club building on June 25. Registration will begin at 10 a.m. with recreation and fellowship to follow. A covered dish luncheon will be served at noon. In the afternoon a white elephant exchange will be followed by entertainment given by each individual club.

A comic style show and game

TEXAS CATTLE NUMBERS ARE HIGHEST IN HISTORY--UVACEK

COLLEGE STATION—Texas cattle numbers are the highest in history. More than 10 million head were on hand on January 1. However, Texas A&M University's livestock marketing specialist, Ed Uvacek, believes the state has reached its high peak in the current cattle cycle.

Uvacek said cattle numbers in the U. S. are also at a record high. The total on January 1

night was planned for August 28. The Jones County girls will have a dress review on June 23 at 2:30 in the Anson Lions Club building. The Weiner roast and skating party held for 4-H members on May 18 was attended by 200 people.

was in excess of 106 million head. The record high cattle population represents the seventh year of a buildup in cattle herds.

A national downturn in cattle numbers will begin this year or in 1965, the Texas A&M specialist predicts. When liquidation begins, Uvacek expects a three year period when cattle numbers will become successively lower.

Marketing from Texas feedlots in the January-March period this year totaled 292 thousand head or 18 percent more than in 1963, he said.

Federally inspected slaughter of cattle was up 11 percent during the first quarter of this year. And experts look for cattle slaughter to stay well above 1963 levels for the remainder of the year, Uvacek said.

Prices of choice beef carcasses are expected to gradually decrease after May, he said, probably reaching their lowest levels in the September-October period. Uvacek predicts that good carcasses will decrease in price to lower levels in the July-September period.

The marketing specialist says feeder and stocker calves are now at their best demand for the year and should drop much lower as the heavy movement of late summer and early fall marketings begin.

He said beef and veal imports into the U. S. during the January-February period were 11 percent below last year.

Mrs. Don Early and Louise Proctor returned home Sunday from New York where they spent three days at the World's Fair.

For a child or an adult to achieve properly and efficiently they must have good vision. Only a vision specialist giving a thorough examination can determine your visual needs. A thorough examination takes time.

OLD GLORY...

By JUDY WHITE

Mr. and Mrs. Barney Osburne and Teak of Vernon visited Mr. and Mrs. Beno Hertenburger recently.

Mr. and Mrs. Beno Hertenburger visited Mr. and Mrs. Don Hertenburger, Donny, Phyllis and Marsha Sunday in Abilene. Don is the Hertenburger's son.

Dinner guests in the home of Mr. and Mrs. V. R. Leverett Sunday were Mr. and Mrs. Ronald Mathews, Abilene; Mrs. Charles Mathews and Becky, Newburgh, N. Y.; Mrs. G. C. Westbrook and Mrs. Mary Long of Albany Ga.; Ray Leverett, Abilene; Ray Patterson, Petrolia; Virginia Johnson; Mr. and

Mrs. Vernon Leverett, Jr., Farmington, N. M.

Mrs. Hattie Bell Puckett and her sister from Dallas were in Old Glory recently visiting old friends. Mrs. Puckett is the former Hattie Bell Bartlett. She once taught school at Old Brandenburg school before it was consolidated with Old Glory.

Mr. and Mrs. George Rhoads are proud parents of a son, Tom Lee, who was born at Haskell County Hospital on Monday, May 4. The baby weighed 10 pounds. He has a sister, Sherry who was two years old in April. Paternal grandparents are Mr. and Mrs. Tom Rhoads of Haskell, and

Mr. and Mrs. C. L. Offill of Old Glory are his maternal grandparents.

Mrs. Barbara Winkle of Lancaster, Calif., has been here recently visiting her mother, Mrs. Kate Hart and her sister and husband, Mr. and Mrs. Carl Hunt.

Mr. and Mrs. Sandy Leverett of Farmington, N. M., were here last week visiting his parents, Mr. and Mrs. V. R. Leverett, and her parents, Mr. and Mrs. John L. Garner. They attended the wedding of Sandy's sister, Clarice, and Ronald Mathews in Abilene Friday.

The wheat harvest is in full swing at Old Glory. Garrett Spitzer brought the first load of 1964 wheat to be processed at United Industries Co. elevator here Friday, May 16.

Martha Anna Neumann, daughter of Mr. and Mrs. John V. Neumann, is a candidate for a bachelor of science degree to be conferred Sunday, May 31, at Texas Lutheran College in Seguin.

Miss Neumann majored in elementary education.

NAME OMITTED

In announcing the arrival of Joe Bob, son of Mr. and Mrs. Joe Wayne Carter, last week the name of the maternal great grandmother, Mrs. Frances Scott, was omitted.

TEXAS 65 TO HOLD SECOND ENROLLMENT PERIOD IN JUNE

The Texas 65 Health Insurance Association will hold its second open enrollment period for senior citizens during the first two weeks of June, according to an announcement by H. Lewis Rietz, of Houston, president of the association.

"Over 50,000 Texans, past the age of 65, took advantage of the first Texas 65 enrollment period last October. However, it has become increasingly apparent that more of our senior citizens wish to avail themselves of the benefits of Texas 65, so we have decided to open the program for additional enrollments June 1 through June 15," Rietz stated.

That Texas 65 is filling the need we hoped it would be evidenced by the fact that over \$1 million has been paid in claims to 4500 senior citizens of our state since the program went into effect last November," Rietz concluded.

During the first two weeks of June any resident of Texas, past the age of 65, may purchase the low cost health insurance regardless of age or physical condition and without completing a lengthy medical questionnaire.

Husbands and wives of those past 65 who purchase the insurance also qualify for Texas 65, regardless of age. It may also be purchased by sons and daughters in behalf of parents or relatives without the necessity of the insured's signature.

The Texas 65 Health Insurance Association was authorized by unanimous vote of the 58th Texas Legislature and was endorsed by Governor John Connally.

The unique health insurance program offers three plans to the senior citizen.

The basic plans pays a maximum of \$12 per day for a hospital room up to 31 days, a part of the costs of doctor's hospital visits, surgical fees up to \$200 and miscellaneous charges up to \$125. Monthly premiums are \$9.

The major medical plan costs

\$10 per month and covers hospital expenses up to \$5,000 during any calendar year, or about 80 percent of all hospital, surgical and nursing home expenses after the first \$75. This plan is designed primarily for those who have some basic health insurance coverage or who are financially able to meet the costs of basic coverage.

The third Texas 65 plan is a combination of both the basic and major medical plans. Premiums for this plan are \$19.

The basic or major medical plan may be purchased separately or in combination under plan three.

Benefits of Texas 65 are guaranteed and underwritten by an association of 64 insurance companies authorized to do business in the state.

Texas 65 will be available June 1 through June 15 from any insurance agent licensed to sell health insurance in Texas.

LIONS SPONSOR SEMI PRO OPENER JUNE 6

The Hamlin Lions Club will sponsor the season opener of Hamlin Merchants, local Semi-Pro team, here Saturday, June 6, at 8 p.m. in the Hamlin Hamlin Ball Park, according to Lester Minton, club president.

The Merchants will play a team from Lubbock in their opener and then will play another team from Lubbock, the Skyliners, the following afternoon, according to Bill Adair, team manager.

The Merchants will play Aspermont here this Sunday in a warm up game at 3 p.m.

Proceeds of the Saturday night game will go to the Lions Club, Adair said.

The local club is composed of players 16 years of age and older. This semi-pro team has gone to state play-offs in Lubbock for the past four years.

Anyone interested in playing ball with this team may contact Adair.

Public Invited To Hear Gainsville Youth Choir Mon.

The public is cordially invited to hear the Youth Choir of First Baptist Church of Gainsville present a choral concert on Monday evening, June 1. A full program of varied religious music, including anthems, hymns and spirituals will be given at 7:30 p.m. in the auditorium of First Baptist Church here.

No charge or offering will be taken at the concert. The choir has worked in their home town to pay the travel expenses of their trip. Some girls, 14 boys, and seven adult sponsors will be staying in homes in Hamlin for the night. The host church has planned a fellowship supper to greet the choir when they arrive. Following the program the youth will be invited to remain for an entertainment musical treat in the church fellowship hall.

Everyone is invited to hear this outstanding youth choir directed by Mr. Glenden Sanders, music graduate of Baylor University.

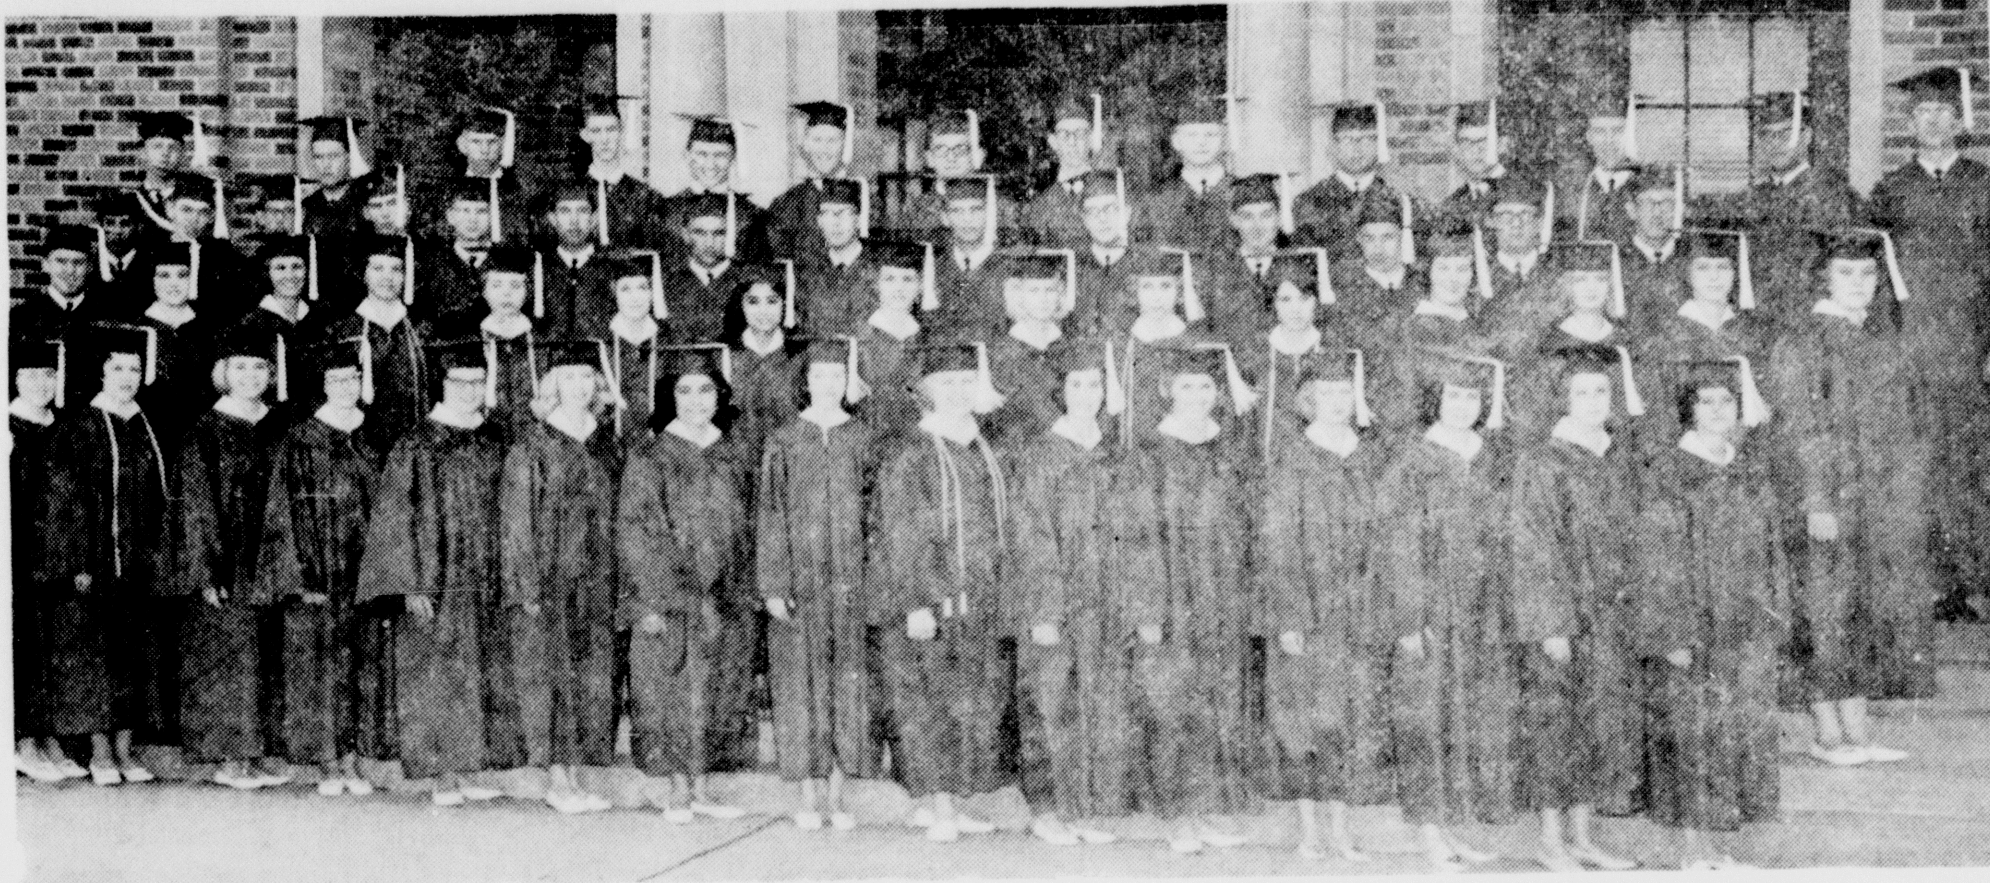

School Paving Program Underway

Paving is underway this week by the Hamlin Public Schools on the north of the field house at the football stadium. Also, the alley between the high school building and gymnasium is being re-topped.

Hayter Construction who has been contracted to pave several streets in southwest Hamlin is doing the work.

Lynn Miller, Ginger Kidd, Barbara Williams. Third row: David Contreras, Don Houghton, Jimmy Woolf, Kenny Preston, Jerry Cooper, Butch Holland, Cleon Warner, David Bingham, Ronnie Teichelman, Freddie Shave, Clifton Williams, Cecil Price, Terry Carter, Larry Butler. Fourth row: Jerrell Kimmel, Weldon Estes, George Stevall, Charles Dodd, Jaylon Fincannon, Jeff Willis, Nicky Moore, Lewis Lawlis, Dewane Bundas, Doyle Bell, Joe Hayes, Gary Jay, Tommy Robertson, Jesse Goolsby.

COUNTY CANDIDATES REPORT PRIMARY CAMPAIGN EXPENSES

A. J. French Jr., who did not have an opponent, spent more money to get the Democratic nomination in the first primary than any other candidate in Jones County. Mr. French, the present tax assessor-collector, spent to total of \$761.40, according to records on file in the county clerk's office.

Costs of holding the primaries are assessed against the various offices. If there is more than one candidate, this total is divided equally among them. French paid \$686.40 for this purpose and \$25.00 each to the county newspapers for his announcement.

Ben Neidecken, who received the nomination as county attorney, was the next highest in point of money paid out. Mr.

Neidecken listed expenses of \$751.05.

Charles Brownfield, the present county attorney, spent a total of \$533, his report shows. Dave Reeves, who was renominated as sheriff, spent less money than any other candidate—even less than those who ran for precinct offices. Sheriff Reeves listed \$220 for getting his name on the ballot and \$25 each to the newspapers.

The other two candidates for this office did not get off so lightly. James F. Pippin spent \$610.00, while Bill Longley listed \$475.45.

Veteran County Commissioner Johnnie Agnew listed expenditures totaling \$444, while his unsuccessful opponent, Burna Reid, of Precinct 1 said he spent \$417.36. They were running for commissioner of Precinct 1.

In Precinct 3 where Lem Ruark lacked seven votes of gaining a clear majority over two opponents, James D. Beasley and Wallace T. Williams, Beasley was the top spender. Beasley, who will be in the runoff with Ruark, listed \$479.62 to \$316.43 for Ruark. Williams had not filed any expense statement up to noon Monday.

Carol Joe Simpson Receives Degree From Baylor

Carol Joe Simpson received her bachelor of arts degree from Baylor University Friday in Waco. Her parents, Mr. and Mrs. Joe A. Simpson, spent Thursday and Friday in Waco attending graduation activities at the University.

They attended the traditional Ring Out Service of Seniors and Juniors at the Burleson Baylor Quadrangle, the President's reception, Baccalaureate services delivered by Rev. Joe Weldon Bailey, outstanding Baptist minister.

Judge Joe Albritton of Houston delivered the commencement address Friday morning.

Carol Joe will spend the summer in Hamlin and then in Sept. will enroll in a Baptist Seminary for two years of study on a master's degree in religion.

First Baptist Youth To Attend Six Flags Youth Rally June 2

Two charter buses will take youth of First Baptist Church to a Six Flags Youth Rally on Tuesday, June 2.

Thousands of teenagers and sponsors over the state will be attending the all-day fun and evening rally at Six Flags. The theme of the day is "The Seventh Flag Over Texas", which will climax with a lake-side rally on the grounds led by outstanding athletes, movie stars, and other personalities.

Over 60 from the local First Church will be going on the buses. Several adult sponsors and parents will accompany the group as well as the Lenard Hartleys and S. L. Bates.

Jerry Larned, D. C. Andrews, Dan Truelove, and Sam Walker participated in the coaches tournament sponsored by a sporting goods company in Wichita Falls Saturday.

Jones County 4-H Camp Will Be Held June 1, 2 at Lueders

The Annual Jones County 4-H Camp will be held at the Lueders Baptist Encampment grounds on June 1 and 2, according to information this week from Jones County Extension Agents, Mary Y. Newberry and Kirby Clayton.

Registration will begin at 8:30 a.m. on June 1 at the camp grounds and the program will begin with assembly at 9:00 o'clock.

Camp activities will include a snake and wildlife display, safety demonstration and talk on artificial respiration, swimming, horseshoes, washes, recreation and movies on Wildlife and other entertainment.

To date, over 145 people have signed up for the camp.

Work Completed On Fisher County F. M. Highway 57

The construction work has been completed on 7.04 miles of F. M. Highway 57 in Fisher County. A contract was awarded by the Texas Highway Commission on May 3, 1963, for construction work consisting of two projects: F. M. Highway 2320 in Kent County and F. M. Highway 57 in Fisher County. F. M. Highway 2320 was completed in October, 1963, but due to the closed asphalt season F. M. Highway 57 could not be completed until after April 1, 1964.

The Fisher County project begins at the intersection of F. M. Highway 419 approximately 10 miles north of Sweetwater and extends east and north-east along an existing county road to the intersection of State Highway 70, approximately seven miles south of Roby.

Winners Told in Stonewall Girls Fair Held Last Week

The Stonewall County 4-H and F.H.A. Fair was held last week with the girls entering over 200 entries. Carolyn Sander, daughter of Mrs. Norman Sander, and Judy White, daughter of Mrs. Bernice White, winning the Senior Division, and Lynn Ward, daughter of Mr. and Mrs. Ned Ward, won the Junior Division.

The contest was held in the Aspermont Home Economics Room under the supervision of Mrs. Bill Jones, Home Making teacher of Aspermont. The contest was judged by Home Demonstration Agents from Fisher County, Alice Kemp, and Kent County Agnes Marrs. Others helping with the Fair were: Ann Cumble, Dianne Hill, Frances Baldree, Judy White, Rita Baldree, Lyn Ward, Mrs. Samford, Hafley and Dalby.

Runners up were: Junior Division—Karen Shadle and Jimmy Dalby, Senior Division—Brenda Dalby.

Duplicate Bridge

First place winners in the Hamlin Duplicate Bridge Club meeting at the Oil Mill Guest House were Mr. and Mrs. Henry Albritton, Dan Gallagher and Starr Inzer tied for second with Mrs. W. O. Willbanks and Mrs. Floyd Briscoe.

58 HAMLIN SENIORS RECEIVE DIPLOMAS HERE MONDAY NIGHT

In commencement exercises at Hamlin High School Monday evening, diplomas were given to 58 graduates following a stirring speech by Dr. Richard C. C. Kim, chairman of Department of Political Science, Hardin-Simmons University, Abilene.

Dr. Kim told the group that the future is in their hands and even though conditions are not the best now the responsibility is still theirs. He commented that this generation did not inherit the best of conditions either. The speaker was introduced by Supt. C. F. Cook.

Connie Jo Duncan played the processional.

The invocation was given by Rev. W. G. Irwin, pastor of Central Avenue Baptist Church.

Joyce Smith, salutatorian, gave the welcome.

A tribute was paid in memory of the late Ronnie Fleniken as the audience observed moments of silence. Ronnie, son of Mr. and Mrs. T. W. Fleniken, would have been a member of the 1964 graduating class. He was killed in an automobile accident here Oct. 27, 1962.

Diplomas and awards were presented by Fred B. Moore Jr., president of the school board, Principal B. V. Newberry and Supt. Cook.

The class gift of \$200 was presented by Jeff Willis, class president, to Supt. Cook who accepted for the school.

Kathleen Hallmark, valedictorian, gave the farewell.

The singing of the Piper Song climaxed the program.

Honor graduates recognized were Marsha Goodgame, Polly Jackson, Sue Johnson, Kay McCoy, Pam Smith and Gary Jay, who was high ranking boy.

ONLY ONE BOX TO BE OPEN HERE IN SECOND PRIMARY

A drastically reduced number of polling places will be open for the second Democratic primary in Jones County, Louis Johnson, county chairman, said Monday. Election is June 6.

One state-wide race is yet to be decided. Congressman at Large Joe Pool failed to get enough votes out of the field of five running and will contest with Robert W. Baker of Harris County.

There are no county-wide races in Jones County but Lem Ruark was seven votes shy of a majority in Precinct 3 as county commissioner and his name

and that of James D. Beasley will be on the ballot in that precinct. Mr. Johnson said that although in some instances Democratic precinct chairmen did not receive a clear majority, this situation was worked out by mutual consent.

All the voting boxes in Commissioners Precinct 3 will be open June 6 but there will be only five others to serve the balance of the county.

There will be one box at Stamford, Lueders, Noodle, Hamlin and one box at Anson that will serve the people who do not live in Precinct 3.

Mr. Johnson said voters may go to the box nearest their regular voting place but that no hard and fast rule would be made on this score.

"People at Avoca can go to Lueders or Stamford, those living in the Eriksdahl area can go to Stamford or Lueders, and those at Tuxedo can go to Hamlin or Stamford," he explained. Poll tax receipts will be stamped so there is little likelihood of anyone voting twice, he said.

24 Players Take Part in Woman's Golf Tourney Here

Players from Stamford, Breckenridge, Knox City, Haskell and Snyder were here last Tuesday for the Woman's Golf Tournament at Lakeview Golf Course. There were 24 women entered in the event.

In the nine hole play, low gross, Ruby Vincent of Breckenridge was first and Mrs. C. L. Cronwell was runner-up. Low net was Odell Harbert of Knox City as winner and Mrs. E. D. Perrin as runner-up. Mrs. Norman Brewer of Breckenridge was best on low putts.

Mrs. David Ballard of Stamford was winner of low gross on 18 holes followed by Finnie Seale of Snyder, Opal Dunnam of Haskell was winner on low net and Ruby Medford of Haskell was runner-up. Mrs. Wilson Brannon of Hamlin was top on low putts.

Dr. M. L. Smith and Don Compton assisted in staging the tournament.

Calvary Baptist Bible School Set For Next Week

Calvary Baptist Church Bible School will be held next week June 1-5, from 2 to 4:30 p.m. There will be classes for beginners through juniors.

Sunset Baptist Bible School Dates Set: June 1 to 5

Sunset Baptist Church Bible School will begin Monday, June 1 and run through Friday, June 5.

Classes will be from 2 to 4 p.m. and will include nursery through intermediates.

Correction

In last week's graduation edition of the Hamlin Herald items about two of the Hamlin High School seniors were in with seniors of Old Glory.

We would like to correct this mistake by mentioning that Jesse Goolsby and Patricia Harkey were members of the Hamlin High School graduating class.

Also, in all the confusion of getting the senior section ready to print, Phyllis Scarborough's story was omitted. That is how she made the front page.

Stonewall 4-H'ers To Send 12 to State Contest at A & M

The annual State Contest for 4-H'ers of Texas will be held on June 2, 3, and 4, at College Station.

Stonewall County has qualified 12 for the contest and they are:

Livestock Judging: James Branch, Bea Cochran, Ann Cumble and Brenda Dalby.

Poultry Judging: Charles Diers, Stanley Diers, Mike Baldree, and Judy White.

Farm and Ranch Demonstration: Nancy and Marvin Vahlenkamp.

Poultry Marketing: Perry Workman and Jackie Samford.

Adults accompanying the 4-H'ers on the trip will be Mr. and Mrs. Herbert Vahlenkamp, Mr. and Mrs. Fredrick Dalby, Pat Cumble, Doris Branch and Bernice White.

Lana Lancaster To Receive Degree From UT May 30

Lana Claude Lancaster, daughter of Mr. and Mrs. Claude Lancaster, will receive her bachelor of arts degree from the University of Texas college of arts and sciences May 30.

There are 926 seniors who are candidates for degrees. President Lyndon B. Johnson will be the commencement speaker. He and Mrs. Johnson will also be presented honorary doctorate degrees.

Mr. and Mrs. Lancaster will be in Austin for the graduation.

WINNERS IN STATE FIRE PREVENTION CONTEST—Art students who received honors in the state Fire Prevention Poster Contest are pictured with their teacher and instructor, Mrs. C. Weldon Griegs, seated. Left to right are Diane Bond, second place in senior high division; Revonnah Kay Robertson, honorable mention; Jana Ferguson, first place in fourth through sixth grade division; Junior high division: Kathy Moore, fourth place, Linda Bailey, fifth place; Martha Marie Robertson, seventh place and Susan Wilder, honorable mention.

THE MINISTER SPEAKS—

YOUR LIFE IS A PROBLEM

By Rev. Spencer Liles
pastor, Foursquare Gospel
Church

FOR WHAT IS YOUR LIFE
James 4:14

There are three great life sovereign verbs which have much to do with solving life's problems: the verb "to have", the verb "to do", and the verb "to be". So life's problems may be classified and put into three groups: The Problem of Having, The Problem of Doing, The Problem of Being. The problem of having comes first and fills a very important place in solving life's problems. The desire to have is inborn; it is a legitimate; man is a constitutional seeker. It is right that we should have a reasonable amount of earthly possessions. But there is certainly something greater in life for all than to be merely able to conjugate the verb "to have".

Estimated from the standpoint of the verb "to have", the apostles were indeed insignificant, for they had little or nothing. The verb "to have" has to do with only one phase of life, namely the industrial phase. It has to do with making a living rather than making a life. There are many who are making a good living but are making a mighty poor life.

Now comes the problem of "doing". God calls for service: "By their fruits ye shall know them." Religion is more than a message to be heard; it is a deed to be done. It is more than something to be paraded; it is something to be performed. What the world needs is service. It's hurts are not heal-

ed by theories. It was the acts of the apostles which saved the world and not their dogmas.

The business of life is service. The ideal life which the world has known is portrayed in five short words: "Who went about doing good." It is not surprising that the great Gladstone never wearied of saying, "One example is worth a thousand arguments."

The third problem consists in being. This problem has to do with what we are. What you have is important; but what you are is most important.

Earth may ask, "What have you?" Heaven may ask, "What did you?" But God will ask, "What are you?" The world's big word is "get"; the church's big word is "do"; but God's big word is "be". God cares more for what you are than what you do.

Men may destroy your reputation, floods may take away your property, and fire may consume your wealth; but you must commit moral suicide before your character dies. Invest in yourself and you will never be poor.

Americans spend only 19 percent of their take-home dollar on food. Compare this to 30 percent by the British, 50 percent by the Russians, and up to 90 percent in some underdeveloped countries. Research on more efficient production and marketing, and better ways to control insects and diseases have helped keep food costs down.

Call your news to the Herald.

YEARS AGO...

FIVE YEARS AGO:

First wheat of the Hamlin section and the nation as far as local buyers could ascertain, was brought into Hamlin Monday afternoon. Two loads of the new grain arrived within a few minutes of each other.

Hamlin swimming pool at the City Park will be opened over the week end, probably Monday, declares Football Coach H. G. Andrews, who has made a lease contract with the Hamlin Foundation, builder and owner of the pool.

TEN YEARS AGO:

New sewer and trash pick-up rates adopted recently by the Hamlin City Council, as outlined to pay for the bonds voted last year to improve the city's water and sewer situation, will go into effect with next month's billing.

Market Poultry Co. with headquarters in Anson, this week announces its purchase of the McBride and Johnson grain buying firm.

FIFTEEN YEARS AGO:

More than 200 people attended the reception for Dr. and Mrs. E. J. Hawkins Sunday afternoon at the Hamlin High School auditorium. Dr. Hawkins recently assumed charge of the Hamlin Memorial Hospital.

A set of Norton chimes has been added to the Hammond electric organ facilities recently installed at the First Baptist Church.

Rainfall for the year 1949 this week reached a total of 12.85 inches, according to Bill Rountree, government rain gauger at Hamlin.

TWENTY-FIVE YEARS AGO:

Rains varying from two to four inches, fell over the territory Monday night to give the crops a needed drink and break a drought of several weeks duration. Most farmers had "dry-planted" their cotton and maize, and the Monday rains should give them a good send-off.

THIRTY-FIVE YEARS AGO:

Rev. J. Walton Moore, Baptist Missionary to China, who last November conducted a missionary school in Hamlin, writes Herald Editor Bowen Pope that he recently had been caught in the middle of a revolution in the city where he has been doing missionary work. Rev. Moore was not molested, but reported that thousands of poor ill-equipped Chinese who knew little about why they were fighting, were killed in the insurrection.

America's first billionaire was John D. Rockefeller.

Who is at the Helm?

Who guides our lives? Are we a ship without a helmsman? Are we adrift, going no place?

Thanks be to God, who loves us so, He is willing to guide us, to show us the way over all manner of seas. How glorious to know there is such a One! All of us follow someone, some standard, but the true standard is God and His Word.

Let Him take over the wheel. He doesn't promise smooth sailing all the time, but He promises to guide us through the storm, and show us the way over calm and sweet but sometimes marker-less seas.

"And the Lord shall guide thee continually, and satisfy thy soul in drought, and make fat thy bones; and thou shalt be like a watered garden, and like a spring of water whose waters fail not."

Isaiah 58:11

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DAVID DUMMOND RUNS BEST RACE FOR SECOND IN STATE

David Drummond, Hamlin's gritty little miler ran the fastest time of his career in Austin on May 9, but it was only good enough for second place behind the defending state champion Walter Reyna of San Diego, Texas. Reyna hit the tape with the fastest time in all classes with a clocking of 4:22.4. Drummond, a crowd favorite, stayed in fifth place with 140 yards left to go, but then made his move and sprinted away from the field gaining distance fast on Reyna. But the yards ran out and Drummond had to settle for second with a time and another school record of 4:28.9.

Coach Jerry Larned praised the young miler saying he believed he ran the best race of the year. "David ran a very smart race," commented Larned. "He ran very close each quarter to the time we had designated before the race."

David's time was 63.4 at the first quarter, 2:12.8 at the half mile, 3:24.1 at the three-quarter, and then he anchored with a fine quarter of 64.8.

Coach Larned admitted, "I believe David has as much ability as any youngster I have

DAVID DRUMMOND
... second in state meet

ever seen. He has every thing in his favor for next year. He is only 16 years of age now, thus he should be much stronger, more experienced, and we hope to get an earlier start on his training next year."

If everything works as it should, Hamlin High School may have its first state champion next year.

64 PERCENT OF ALL DROPOUTS OCCUR IN GRADES 9 AND 10

COLLEGE STATION — Sixty-four percent of all school dropouts occur in grades 9 and 10, says Patsy Reynolds, Extension Service family life education specialist at Texas A&M University.

Another 34 percent of school dropouts take place in grades 11 and 12, she says. This is the age when young people want to be free of authority and earn their own support.

Dropouts aren't necessarily less intelligent than their schoolmates. Many factors enter into their leaving school. A major one is parents who place little value on education.

"The dropout usually doesn't achieve in the classroom, is irregular in attendance, gets along poorly with his teacher, resents school authority, and may be 2 years behind his age group in the classroom."

What happens when the dropouts look for a job? The unemployment rate for those 16 to 19 years of age is 24 percent, compared to 16 percent for all age groups. When he surveys his friends who did graduate, he finds that nearly twice as many in his age bracket had jobs in 1962.

Employment is the professional and technical jobs which require advance education increased 47 percent in the last 10 years, while employment in the laboring jobs requires less education increased 10 percent

in the same period. The future does not look bright for the school dropout and his family, the specialist said.

Agent Tells Ways To Eliminate Lawn Insects

Insects infested lawns can be a nuisance to people as well as pets says Jones County Agent Kirby Clayton. Chiggers, fleas and ticks usually infest yards and spoil many outdoor activities during the spring months. However, these pests can be eliminated with a minimum amount of work and expense.

For the control of chiggers, Clayton recommends using 2 pounds of 5 percent Chlordane or 1 pound of 20% toxaphen dust per 1000 square feet of space. For fleas use 1 pound of 4 percent Malathion dust per 1000 square feet of space. Dogs and other pets should be dusted or dipped in a 1/2 percent Malathion solution.

The Agent concluded with these few words of warning. Most insecticides are poisonous and should be handled with care. Read the manufacturer's label and follow directions when mixing and applying insecticides. Children should be kept away from treated areas for several days after application.

GARY CAUBLE TO ATTEND ATOMIC SYMPOSIUM IN AUSTIN

Hamlin High School has been selected by the University of Texas as one of ten schools in the area served by West Texas Utilities company to send a student and a teacher to the 4th Annual Atomic Symposium to be held in June at the University of Texas in Austin. Selections of schools receiving invitations to attend was made by members of the University faculty. The manner of determining the name of the science student and his or her instructor was left to the decision of local school officials. B. V. Newberry, high school principal, announced today that Gary Cauble, student and Harold Williams science instructor at the high school, have been chosen to attend the symposium.

The 4th Annual Atomic Energy Symposium for high school students will be conducted under the joint sponsorship of the University of Texas and the Texas Atomic Energy Research Foundation.

The Texas Atomic Energy Research Foundation is a non-profit organization composed of eleven investor-owned electric utility companies operating in Texas. West Texas Utilities Company is a contributing member of the Foundation. The Foundation was formed for the primary purpose of conducting the world's first and largest major research program in the field of nuclear energy. Currently the Foundation and General Dynamics Corporation are jointly sponsoring a program in nuclear fusion research aimed at controlling thermonuclear reactions for the production of electric power. Fusion is the energy process of the sun and the stars.

The purposes for which the Foundation was formed, however, are broader than the fusion research program alone. It is the desire of the Foundation and WTU to assist in advancing the knowledge of nuclear science in Texas schools and to bring students and teachers a realization of the privileges, responsibilities and opportunities which scientific discoveries in the field of nuclear energy present.

In line with these objectives, the Foundation and WTU will again sponsor the three-day nuclear science symposium at the University of Texas. The lecturers will be chosen from among top men in their field. They will come from various

universities and colleges and General Dynamic's John Jay Hopkins Laboratory in San Diego, California.

The Nuclear Science Symposium at the University of Texas is designed to broaden the mind, encourage the study of nuclear science for peaceful purposes, and give qualified students their first taste of university life.

Agent Suggests Ways to Control Ants with Poisons

Ants are becoming a nuisance in homes and lawns in many sections of the county. These pests can be effectively controlled when recommended insecticides are used, advises Jones County Agent Kirby Clayton.

Among the most popular and effective insecticides for ant control are chlordane and dieldrin. These may be applied along window and door sills, foundation cracks, baseboards and other possible runways for the ants. Some nesting places for ants are behind walls, in closets, in furniture and other dark undisturbed places. When a nesting place is found, one of the following practices may be followed to destroy the nest.

Effective control, in most instances, depends upon locating and destroying nests and thoroughly treating the area with proper insecticides. When ants are found in the house they may be controlled by applying 2-3 percent chlordane or 0.5 percent dieldrin household sprays. These materials may also be applied with a small brush. Repeat the application as needed to maintain control of the pests.

Outside the home, apply a band of insecticidal dust or spray around the foundation wall and treat all nests found in the yards. For outside control, 10 percent chlordane, 2 percent dieldrin or 5 percent heptachlor dusts are effective. Granular formulations and sprays of these materials are also available and are convenient to use.

When using these or any other poisons for control of pests around the farm and home, always be sure to read and follow directions printed on the label of the container, says Clayton.

9 PERCENT OF STOLEN CARS ARE NEVER FOUND BY POLICE

AUSTIN, Texas May 20, 1964 — The "Mystery of the Missing Vehicles" has been baffling Texas Highway Department and police officials for a long time.

Each year approximately 17,000 automobiles are stolen in Texas. Most are recovered eventually, but a relatively large number — about nine percent — never are found. They seem to vanish, like a vapor trail of a high-flying jet.

"We don't have even a single clue," says R. W. Townsley, Director of Motor Vehicle Division, Texas Highway Department.

Townsley is a member of the Texas Police Association's Major Crimes Committee. The committee is holding seminars around the state to enlist the aid of small-town officials in watching for these and other stolen vehicles.

Police statistics show that an automobile is involved in over 90 percent of major crimes committed in Texas, and it is through license plate identification that many a car has been traced and criminal apprehended. Hence Townsley's place on the committee.

None of the missing vehicles — in toto or in recognizable part — ever have turned up in Texas or in any surrounding states. It's as if they never had existed.

Usually, stolen vehicles turn up somewhere, Mexico for instance. But our neighbors South of the Border haven't uncovered even one of the missing cars.

Searching of junk yards has proved fruitless, too.

The wrecking yards are checked anyway by Department personnel. It's just policy. Current plates on wrecked automobiles are picked up by

THD field men and destroyed on the spot, says Townsley, to prevent reuse of stolen automobiles.

Until 1961, scrapped cars — complete with plates and negotiable ownership papers — could be purchased for \$50. To prevent both plates and papers from falling into the hands of auto theft rings, the Texas Legislature passed a law in 1961 requiring each salvage yard operator in Texas to remove immediately the current plates from any vehicle purchased as salvage. The plates and papers then are kept under lock and key until claimed by the Highway Department.

"We pick up an average of 10,000 titles and 3,000 current license plates per month," reveals Townsley.

Meanwhile, officials of the Texas Highway Department and the police seek a clue to the missing vehicles.

BABY BORN

Melinda Sue is the new daughter of Mr. and Mrs. Jay Cunningham of Fort Worth. She was born May 20 and weighed 7 lbs. 9 3/4 oz.

Mr. and Mrs. C. R. Dalby of Fort Worth are maternal grandparents.

The paternal grandparents are Mr. and Mrs. L. J. Cunningham of Hamlin who returned home Thursday after a visit with the family in Fort Worth.

Mr. and Mrs. Fred Jay of Hamlin are the maternal great-grandparents. Mrs. J. T. Cunningham of Roby is the paternal great-grandmother.

One of the oldest settled sections of the U. S. A. is the Shenandoah Valley.

Lone Star Gas Co. To Operate New Storage System

DALLAS: — Lone Star Gas Company has received Railroad Commission of Texas approval to operate an underground natural gas storage project 10 miles south of San Angelo in Tom Green County beginning July 1, according to Carl M. Hill, Lone Star's exploration and gas supply vice president. Construction of above-ground facilities is scheduled to begin Aug. 1.

Designated the Pecan Station Storage project and scheduled for completion in early 1965, the project will have a storage capacity of 2.2 billion cubic feet of natural gas in the Canyon Lime formation at a depth of 4,400 feet. Gas storage is expected to begin during the fall of 1964, Mr. Hill said.

Mr. Hill indicated that maximum injection will approach 10 million cubic feet of natural gas per day during the summer months, and maximum withdrawal potential will be 50 to 70 million cubic feet during any given 24-hour period. The company also hopes to recover more than 600,000 barrels of oil

from the storage reservoir during its active life.

Initially, Pecan Station primarily will serve the company's San Angelo distribution system. However, the company plans to join its RH pipeline system with its R pipeline system north of San Angelo and thereby increase the utility of the Pecan Station storage. The Pecan Station project is located one mile from the company's RH pipeline system.

Pecan Station will be the eighth gas storage project operated by Lone Star. Seven such projects, now in operation, have a total storage of 78 billion cubic feet of natural gas and a maximum withdrawal rate of 617 million cubic feet of gas.

Is this your child's favorite sport?

Like many youngsters, your child probably spends long hours watching his favorite sports—and precious little time participating in them. If inactivity is the order of the day for your child, he may—like one-third of our school children—be unable to pass minimum physical fitness tests. Many schools are stepping up their programs of physical education. But in a surprisingly large number of them, there is still not enough emphasis on daily vigorous activity. For the sake of your child's physical and mental progress, make sure that your school puts sufficient emphasis on physical education. To help you evaluate the program in your school, send for the free leaflet offered by the President's Council on Physical Fitness, Washington 25, D. C.

BARBARA HATFIELD AND PHIL SMITH EXCHANGE VOWS HERE

Barbara Ann Hatfield and Philip Mitchell Smith were united in marriage Friday evening in the home of the bridegroom's parents, Mr. and Mrs. Phil E. Smith. The bride is the daughter of the late Mr. and Mrs. A. D. Bond Sr. of Dallas.

Deidra Cox of Clifton, cousin of the bridegroom, lighted candles.

Mrs. David Wade was master of honor and Philip Miller was best man.

Rev. Royce Womack, pastor of the First Methodist Church, read the double ring ceremony.

Pam Smith, sister of the bridegroom, was pianist. Mr. Smith, father of the bridegroom, was soloist.

The bride was given in marriage by E. W. Ueckert.

The reception was held following the ceremony with Mrs. Phillip Miller and Miss Smith serving. The table was covered with a white linen cloth and centered with an all white arrangement flanked by white tapers.

The bride is a graduate of Adamson High School and Draughton's Business School in Dallas. She is employed by Celotex Corporation.

Smith is a graduate of Hamlin High School and is employ-

Mrs. Guy Weaver Installed President Of Beta Theta

Mrs. Guy Weaver was installed as president of the Beta Theta Chapter of Beta Sigma Phi at the Wednesday meeting in the home of Mrs. W. T. Johnson.

Mrs. Wilson Brannon, retiring president, conducted the installation. Other new officers include Mrs. Deway Nunley, vice president; Mrs. Jack Wilkingsham, recording secretary; Mrs. F. B. Moore Jr., corresponding secretary; Mrs. Jerry Larned, treasurer; Mrs. David Casey, reporter; Mrs. Johnson, sponsor; and Mrs. Duane Stallcup, director.

Mrs. Brannon gave the retiring officers a bracelet charm depicting their office in appreciation for their service during the past year. She also presented the chapter with a gavel to be passed on to each succeeding president.

The chapter presented Mrs. Brannon a past president's pen. Mrs. Stallcup and Mrs. Johnson were given gifts of appreciation for their work for the sorority chapter.

The meeting was closed with members reciting the closing ritual and mizpah.

BILLYE BLANKINSHIP
... sets wedding date

Billye Blankinship And Loyd Senn Set Wedding Date

Mr. and Mrs. T. C. Blankinship, 53 South West Avenue H, announce the engagement of their daughter, Billye Frank, to Loyd Clarke Senn, the son of Mr. and Mrs. L. C. Senn of Rotan. The wedding will take place June 20, at the Hamlin Church of Christ.

Miss Blankinship is a 1953 graduate of Hamlin High School and has completed her freshman year at Howard County Junior College, where she was a member of the college choir and Women's Recreational Association.

The prospective bridegroom is a 1964 graduate of Howard County Junior College where he served as president of the student body and was listed among the "Who's Who" in American Junior College. He is also a past state director of the Texas Junior Chamber of Commerce.

Library Club Has Supper and Game Night in Cafeteria

The Hamlin High School Library Club was entertained with a supper and game night May 8 in the high school cafeteria. Approximately thirty members and one sponsor Mrs. Deway Nunley, attended the supper, which was followed by home-made ice cream and cake. Following the supper, the group played volleyball and ping pong in the old gym.

In 1920 there were 45,000 miles of electrified trolley tracks in the U. S.

LEVERETT-MATHEWS RITES READ IN ABILENE FRIDAY EVENING

OLD GLORY (Sp)—Double ring rites read in the chapel of the College Church of Christ marked the marriage Friday evening of Billye Clarice Leverett of Snyder and Ronald David Mathews.

The bride is the daughter of Mr. and Mrs. V. R. Leverett of Old Glory. The bridegroom's parents are Mr. and Mrs. Charles Mathews of Newburgh, N. Y.

Mr. Gene Linder, minister of the Old Glory Church of Christ officiated.

Sharon Leverett, sister of the bride and maid of honor, was soloist for music; presented by a group of vocalists from Abilene Christian College.

Sandy Spooner of Bloomington and Mary Hall of Crowell were bridesmaids.

Ronald Perkins was best man. Groomsmen were Mike Mathis of Wichita Falls and Delvin Starks of Fort Worth.

Mike Lillard of Midland and Charles Willard of Fort Worth were ushers.

Jimmy Leverett of Old Glory, the bride's brother and Becky Mathews of Newburgh, sister of the bridegroom, lighted candles.

Mr. Leverett gave his daughter in marriage. She wore a

gown of white delustered satin. Scallops edged the full skirt, which extended to form a brief train. Her veil of illusion was shoulder length. She carried a bouquet of yellow roses. Rival attendants wore yellow short sleeved taffeta gowns similar to that worn by the bride. Their bouquets were of yellow mums.

Following a trip to the World's Fair and a visit with the bridegroom's family at Newburgh, the couple will be at home after June 15 at 545½ E.N. 15th St. in Abilene.

The bride is a valedictorian of her class at Old Glory High school and is a graduate of ACC. She was a member of Cadettes social club and of Eta Beta Pi. She was named Sweetheart of Eta Beta Pi in 1963. During the 63-64 school year she has been a teacher in the Snyder Public Schools.

The bridegroom is a graduate of Newburgh High School and will receive his degree from ACC Monday. He is a member of Knights social club and Eta Beta Pi. He has been employed at Catchings Cafeteria.

The bridegroom's mother was hostess for the rehearsal dinner.

Ta Wan Ka Camp Fire Group Has Cook-out Thursday

The Ta Wan Ka Camp Fire group met Thursday evening at the City Park for a cook-out. Eagle Scouts, Mike Murphree and Sammy Ferguson, demonstrated camping skills and helped the group in obtaining rank requirements.

The girls, at an earlier meeting with Mrs. E. M. Hames, invited other girls their age who were not participating in the Camp Fire program. They had a picnic, played games and then heard a talk about Africa by Mrs. Hames, who lived in Ethiopia for several years. She also showed pictures that were taken in Africa.

Saturday the girls helped in the V.F.W. Poppy Sale downtown.

Members of the group who will be continuing work on the Fire Maker's rank this summer are:

Jan Young, Roycille Womack, Linda Witt, Sandra Stamford, Reba Pritchard, Kathy La Fernier, Rochelle Kincaid, Peggy Jones, Carolyn Hines, Leslie Harkey, Debbie Hallmark.

Cynthia Foster, Jana Ferguson, and Patricia Feagan.

BIRTHS

Mr. and Mrs. John Travis Turner are parents of a son, Travis Ray, born May 20 at 2:34 a.m. He weighed 7 lbs. 9 oz.

Mr. and Mrs. Edgar Prewitt Harris Jr. of Sylvester are parents of a daughter, Linda Suzanne, born at 8:15 a.m. She weighed 6 lbs. 15 oz.

Twin daughters were born here May 21 to Mr. and Mrs. Elmo Adams of Aspermont. Sheryl Lynne and Teresa Lynne were born at 3:07 and 3:11 p.m. and weighed 4 lbs. 13 oz. and 3 lbs. 9 oz. respectively.

Mr. and Mrs. Hector Ramos are parents of a son, Herman, born May 24 at 2:58 weighing 7 lbs. 12 oz.

A carat is a weight used in selling gems and equals one-140th of an ounce.

KEEPING UP TO DATE ---

FRESH CORN-ON-THE-COB

Fresh corn-on-the-cob, dripping with butter, is a tasty and economical treat.

And no longer do you have to grow it yourself or rush to the grocery store for that fresh-from-the-field flavor. Modern handling methods now lock the flavor in the sweetcorn as soon as it leaves the Florida fields.

Among the pointers in introducing precooking methods to remove field heat from the ears were researchers in the U. S. Department of Agriculture's Agricultural Marketing Service. These scientists also develop better refrigeration methods for shipping and selling sweetcorn.

Corn can now be bought packaged — husked and unhusked — in attractive over-wrap trays or plastic bags that conserve the corn's moisture and reduce selling costs.

Some of these packaging and quality protecting techniques also were developed by AMS researchers as they sought to reduce waste and provide better quality fresh fruits and vegetables to consumers.

Make Your Own Sour Milk. If a recipe calls for sour milk, and you have none in the house, food specialists of the U. S. Department of Agriculture suggests you make sour milk by adding 1 tablespoon lemon juice or vinegar per cup of milk and letting the mixture stand for 5 minutes.

Or, use fresh milk and substitute 1 teaspoon baking powder for each 1-4 teaspoon baking soda in the recipe.

IT'S STRAWBERRY TIME

There'll be strawberries in profusion this year — from mid-May through June — reports the U. S. Department of Agriculture.

So make the most of them while you may. Buy them by the pint, the quart, or more. Enjoy them — in a cream pie, on pancakes, or in a punch.

And when you've eaten all you can, freeze some. Strawberries are the pride of the freezer. They keep their natural color and fresh flavor many months after strawberry time has passed.

And they're so easy to freeze. Just follow these step-by-step instructions from USDA's Agricultural Research Service:

Select firm, ripe strawberries about 2-3 quart fresh berries for each pint of sliced berries to be frozen.

Wash, drain, remove hulls, and slice the berries.

Sprinkle with sugar — 3-4 cup to each quart of sliced berries. Turn berries over and over until sugar is dissolved and juice is formed.

Pack berries in wide-mouthed pint or quart containers. Leave ½ inch space at the top of pints, 1-inch space in quarts. Place a small piece of crumpled parchment paper on top of the berries to hold them in the juice.

Press lid on firmly to seal, if plastic container is used.

Label the package with name of fruit and date frozen. Freeze and store at 0 degrees F. or lower.

Mrs. Elmer Joiner Hostess for HD Club Meeting Friday

Mrs. Elmer Joiner was hostess for the Friendship Home Demonstration Club meeting Friday at the Oil Mill Guest House.

Mrs. Carl Young presided. Mrs. M. S. Johnson and Mrs. Fred Carpenter gave the program on congealed salads.

The hostess served refreshments to 12 members.

MAKE \$50 A WEEK SEWING AT HOME

Earn up to \$50.00 WEEKLY sewing early American type throw pillow covers. YOU ARE PAID \$5.00 PER DOZ. BY OUR FIRM. Your profit will be mailed to you immediately upon completing an order. Ready-cut materials are mailed to you WITHOUT CHARGE.

The pillow covers are simple to sew, only straight line sewing is required.

You do no canvassing or selling—just sewing and making it for us.

Since our advertising covers a wide area, The Early American Pillow Co. has lost many dollars in materials, postage handling, etc., to ladies who just answer our ads. So we are making a flat charge of \$2.00 for our application blank and sample ready-cut Early American Pillow, so you can see just how long it will take you to sew it. (Complete with sewing instructions.

If you take up the Early American Pillow Cover Plan and Service, the \$2.00 is redeemable, if not ours for handling, postage, costs, overhead, etc.

Sign and return the coupon below with \$2.00 cash or check. Your application blank and ready-cut Early American pillow cover will be mailed.

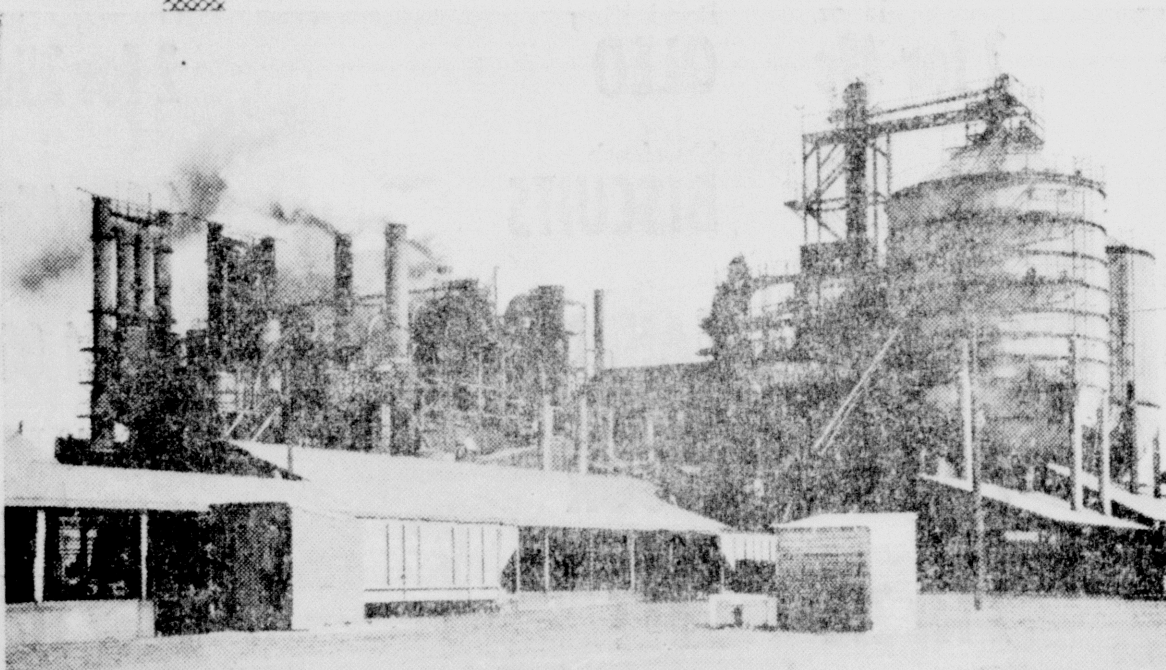

I thoroughly understand that the \$2.00 flat charge is for overhead and handling of my application blank and one ready-cut pillow cover and instructions. And that the \$2.00 is redeemable only if I accept the Early American Pillow Cover Service.

PATTERNS FOR PROGRESS

WTU is proud to be a part of your community

RAW MATERIALS

... direct step in industrial development

Many industries locate near the raw materials used by them and are seen throughout the WTU service area. One example, pictured above, is the carbon black plant of United Carbon Company at Shamrock.

This flourishing petrochemical plant has become an important addition to the economy of this Texas Panhandle town. Such development anywhere creates new jobs, brings more payrolls, and adds many other advantages such as helping to provide new schools like the one pictured left.

Again, here is a PATTERN FOR PROGRESS.

In Texas the annual value of raw materials produced is \$700 per capita, while the value added by manufacture is only \$600. Contrast this with the highly industrialized state of Ohio. There the annual value of raw materials produced is \$125 per capita, while the value added by manufacture is \$1530.

Thus, as these figures show, additional processing of raw materials is the most direct way to sound industrial development. Communities seeking new industry will find that an assessment of local raw materials is the vital first step.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford

AUSTIN, Tex. — There is a certain sadness around the capitol. An old friend is about to depart.

That old friend is the majestic Walton building. For many years it was the home of the Game and Fish Commission (now part of the State Parks and Wildlife Commission). The building soon is to be demolished, by order of the 58th Legislature, to make way for a parking lot.

The white limestone building with its fanciful towers and elegant facade is an old-timer. Built in 1875, it was the Travis County Courthouse until 1929, when Gov. Dan Moody and the Legislature bargained and bought the building for the state for \$40,000.

Although the Walton building was best known to sportsmen and conservationists coming to call on the Game and Fish Commission, it also was the home of the vocational education area office of the Texas Education Agency, the Rehabilitation District office, and the Texas Aeronautics Commission.

Just when the Walton building will be demolished is a decision due to be made by the State Building Commission, composed of Gov. John Connally, Attorney Gen. Waggoner Carr, and Charles Coats of Chapel Hill, chairman of the Board of Control.

SABINE WATERS PLENTIFUL — Surface water supplies of "excellent quality" can be developed in the Sabine River Basin of Texas and Louisiana, Texas Water Commission reported.

Average annual rainfall ranges from 40 inches in the northwest to more than 56 inches in the southeast. Annual runoff averages 13 inches, according to the TWC report.

Water was termed excellent in existing Lake Tawakoni, Greenville Reservoir, Lake Gladewater, Lake Cherokee and Murvaul Lake. Satisfactory to excellent quality water was found at the proposed Kilgore, Cherokee Reservoir No. 2 and Toledo Bend, Big Sandy, Rabbit, Carthage, Stateline, Tenaha and Bon Wier Reservoirs.

Additional studies of water quality at the proposed Lake Fork Reservoir were recommended.

POLLUTION BY SALT WATER — At the request of the Railroad Commission Atty. Gen. Waggoner Carr is reconsidering his opinion that the Texas Water Pollution Control Board has jurisdiction and permit granting power over oil-field waste disposal.

Oil operators told a special committee reviewing the opinion that much of the oil industry has not accepted the new Board's jurisdiction, and look instead to the Railroad Commission for disposal regulation.

Water conservationists support the Board's authority, claiming that the 1961 Legislature gave the Pollution Control Board jurisdiction over pollution by oil and salt water in Art. 7621d.

TRAVEL WRITERS' TOUR — Texas Tourist Development Agency is looking at West Texas for a repeat of its successful

PHILOSOPHER WANTS TO KNOW HOW EGYPT SWINGS THESE BIG HAND-OUTS FROM TWO SIDES

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route 1 comes up with a hard question to answer this week.

Dear editor: I was glancing through a newspaper last night and ran across a picture of President Nasser of Egypt giving Premier Khrushchev of Russia a bear hug and a continental kiss on the cheek in appreciation for half a billion dollars in aid and my reaction was, some people will do nearly anything for half a billion dollars, but then I read the article accompanying the picture.

Decker Family Reunion Held Last Week at McCaulley.

A reunion of children of the late Mr. and Mrs. R. M. Decker of the Royston community was held last week end in the home of a son and family, Mr. and Mrs. Martin Decker of McCaulley.

Old time friends of the Decker family, children of the late Mr. and Mrs. J. C. George, were also invited to the Decker family get-together. Mrs. Martin Decker was a member of this pioneer Fisher County family. Others of the George family who attended were Mrs. Jewel Beard of Hamlin, Mrs. Hearn Eaton of Seagoville, and Mrs. Arwin Strain of Austin.

The Decker family who attended, besides the family of Martin Decker, included the families of Mrs. J. L. Altum and Marvin Decker, all of Abilene; Mrs. Bill Donham, Hamlin; Odie Decker, Lovington, New Mex.; Lee Decker, Rotan; Mrs. Clarence Boyle, Hutchinson, Kansas; Winfred Decker, Arlington; Joe Decker, Comanche.

In the group was an aunt, Mrs. R. H. Decker, Brownfield; and an uncle, George Acker, Grand Prairie.

Others attending were Mr. and Mrs. Kenneth Decker, Midland; Mr. and Mrs. Julius Decker, and Mrs. Bobby Thomas and family, Grand Prairie; Beatrice Decker, Dallas; Mrs. Winston Roach and daughter, Abilene; Mr. and Mrs. Robert Altum, Mrs. Aubrey Altum and daughter, Abilene; Mrs. Bill Laught, Pampa; Mr. and Mrs. Oscar Decker and family, and Mr. and Mrs. James Decker and family, Abilene; Mrs. Karl Snell and family, Seagoville; Mrs. L. A. Eaton, Hamlin; Virginia Kocklin, Elgin Ray Ma-berry, Mr. and Mrs. Joe Hopkins and family, all of McCaulley.

held here July 10-12. More than 1,600 junior and senior high school students will attend.

Delegates will discuss juvenile juries, vocational training, public awareness projects, church and youth activities and other projects resulting from the 1963 meeting.

Program is based on the idea that Texas youth can find solutions to their own problems.

Noting that 40 per cent of Texas crimes are committed by youth under 21, Atty. Gen. Waggoner Carr termed the conference a vital step toward finding new cures to an old problem.

REDISTRICTING HEARING SET — First meeting of the Texas Legislative Council Committee on congressional redistricting is tentatively set here for the weekend of May 30.

Sen. George Moffett of Chillicothe, chairman, said he probably will call an informal session at that time, as most study committee members will be in Austin anyway for President Johnson's address at the University of Texas.

Hearings in major cities over the state, to seek public advice on how to carve up districts on an equal-population basis under court order, will begin after the second primary elections, June 6.

Moffett, Texas' oldest lawmaker in point of legislative service, said he doesn't think the public is nearly as interested in the problem of redistricting as political furor over recent court action indicated.

He indicated there will be no revelation of the study committee's final recommendations for redistricting bill before the Legislature convenes in January.

Venice is built on 119 small islands separated from each other by channels.

According to it, Russia has spent half a billion dollars building a big dam for Egypt, and Mr. Khrushchev was in Egypt to get the proper credit for it.

On the other hand, the United States has spent nearly a billion and a half, three times as much, on aid to Egypt. On the theory I guess that avoiding a kiss from Nasser comes high. Surely we could have found somebody who would have volunteered, just to save the country a billion dollars.

I don't know anything about this guy Nasser, but I'd like to, I'd like to learn some more about his system of getting money from the United States to keep from going communist and money from Russia to keep from going capitalistic.

You reckon he's working on getting money from the Democrats to keep from going Republican and from the Republicans to keep from going Democratic? Has he thought of working Red China against Formosa? How about De Gaulle against England? Jones County against Fisher County?

If he can keep the system going, it won't be long before the desert sands of Egypt will flourish and it's possible we can apply to him for aid to keep from going Castro.

Speaking of Castro, I have a notion he'll go down in his-

tory as the man who lost his country's cigar trade with the United States right when cigarettes were given a bad name.

As for Nasser, we ought to study his methods a little closer. If I could just get two hanks competing with each other to see which could lend me the most money...

Yours faithfully, J. A.

FAIRVIEW NEWS

By MRS. ELMER JOINER

Most of the farmers are happy this morning, that their wheat is out, since Saturday has been ideal wheat cutting weather and most of it got ready at the same time, so combines have really been going full speed. Some few patches are still too green, but a few more days of hot dry weather, like we are having, with no rain and nothing will be green. Some of the cotton that has been planted is coming up and lots of it will never make it, too many drying winds, at the time of planting. That is farming, if it isn't one worry it is another, but after all it is a pretty good life.

Services were dismissed Sunday night at our church, for the Baccalaureate exercises at Hamlin School, with most of the folks attending. Fifty-eight seniors are graduating this year and it is always a thrill to see them in their robes, trying to show how dignified they are, since they are graduating from high school. Our young people are our leaders of tomorrow, and we think they should be encouraged instead of criticized, and may all of their future plans work out for the best to them.

The Wainwrights have received word that the son, Weldon, who lives in Indiana, has not been improving as it was hoped, so at this time he is at the Mayo Clinic having tests made to determine the nature of his illness. It will be a few days before the Wainwrights know anything further.

Mr. and Mrs. Ben Edge, of Stamford, cousins of Elmer Elmer Joiner, visited with the Joiners Friday afternoon. They had been to the Hamlin Hospital to visit Mrs. Newcomb, a resident of Stamford, and brother-in-law of Mrs. Millie Newcomb, of Hamlin.

Mr. and Mrs. Bill Johnson, Dallas, visited several days last week with the Jack Wrights. Mrs. Johnson was with them at prayer meeting Wednesday night. After services were over they went to Stamford to visit with Mrs. Monroe E. Tabb and the new

son. Ralph Riddle had a painful accident last Thursday, when a horse bucked him off, cracking a bone in his knee, putting him in the Hamlin Hospital. It was being told that he had wanted his grandson Tommy about getting on the horse, out in the pasture without being saddled, but it seems that somebody forgot to warn Grand dad, so he got bucked off.

Mr. and Mrs. Jimmy Joiner and children spent Saturday afternoon and night with his parents, Mr. and Mrs. Elmer Joiner. Little son, Ronald is excited over playing baseball in the Pee Wee League in Stamford.

Mrs. Mary E. Tanner and son Larry, Abilene, were visitors with Rev. and Mrs. Kenneth Leverett, Sunday, then they all attended the services at the high school Sunday night. Mrs. Tanner's niece, Polly Jean Jackson, is a member of the graduating class.

Mr. and Mrs. Ted Wright, Monahans, have been visiting in Hamlin with the Jack D. Wrights and his parents, Mr. and Mrs. Jack Wright.

Mr. and Mrs. Flavil Holmes went to Abilene Sunday afternoon to get his mother, Mrs. Alma Holmes, who will spend a few days with them.

Lets all remember Family Night, this coming Friday night, in the home of the pastor, who resides at 619 N.W. Ave. J, in Hamlin. The Leveretts have been very busy remodeling their house, so they are ready to show what they have been working on, so lets be there and visitors are always welcome.

Wins Prize

Mrs. Grace Brewer, former resident of Sylvester now living in Abilene, was one of the "Price It Right" winners in the recent no-obligation contest sponsored by Thorton's Department Store.

She received \$199.03 in merchandise.

A tarantula has been known to live longer than 25 years in captivity.

Jones County HD Council Meets in Agents Office

The Jones County Home Demonstration Council met in the office of Mary Y. Newberry for its May meeting with Mrs. Elmer Joiner, chairman, presiding.

Mrs. Chancey and Mrs. Joiner reported on the District meeting held in Crowell on April 28. 184 women from this district attended the one day meeting. The State meeting will be held in Houston on September 16-17. A County wide rally day will be held in the Anson Lions Club building on June 25. Registration will begin at 10 a.m. with recreation and fellowship to follow. A covered dish luncheon will be served at noon. In the afternoon a white elephant exchange will be followed by entertainment given by each individual club.

A comic style show and game

TEXAS CATTLE NUMBERS ARE HIGHEST IN HISTORY--UVACEK

COLLEGE STATION—Texas cattle numbers are the highest in history. More than 10 million head were on hand on January 1. However, Texas A&M University's livestock marketing specialist, Ed Uvacek, believes the state has reached its high peak in the current cattle cycle.

Uvacek said cattle numbers in the U. S. are also at a record high. The total on January 1 night was planned for August 28.

The Jones County girls will have a dress review on June 23 at 2:30 in the Anson Lions Club building. The winter roast and skating party held for 4-H members on May 18 was attended by 200 people.

was in excess of 106 million head. The record high cattle population represents the seventh year of a buildup in cattle herds.

A national downturn in cattle numbers will begin this year or in 1965, the Texas A&M specialist predicts. When liquidation begins, Uvacek expects a three year period when cattle numbers will become successively lower.

Marketing from Texas feedlots in the January-March period this year totaled 292 thousand head or 18 percent more than in 1963, he said.

Federally inspected slaughter of cattle was up 11 percent during the first quarter of this year. And experts look for cattle slaughter to stay well above 1963 levels for the remainder of the year, Uvacek said.

Prices of choice beef carcasses are expected to gradually decrease after May, he said, probably reaching their lowest levels in the September-October period. Uvacek predicts that good carcasses will decrease in price to lower levels in the July-September period.

The marketing specialist says feeder and stocker calves are now at their best demand for the year and should drop much lower as the heavy movement of late summer and early fall marketings begin.

He said beef and veal imports into the U. S. during the January-February period were 11 percent below last year.

Mrs. Don Early and Louise Proctor returned home Sunday from New York where they spent three days at the World's Fair.

For a child or an adult to achieve properly and efficiently they must have good vision. Only a vision specialist giving a thorough examination can determine your visual needs. A thorough examination takes time.

PIPED PIPER BAND OFFICERS — David Drummond, left, was elected president of the Hamlin High School Band to serve during 1964-65. He is the son of Mr. and Mrs. G. W. Drummond. Other officers include, left to right, Jack Townley, vice president, son of Mr. and Mrs. Jack E. Townley; Marilyn Reynolds, secretary, daughter of Mr. and Mrs. Cliff Reynolds Jr.; Elizabeth Cunningham, reporter, daughter of Mr. and Mrs. L. J. Cunningham. Not pictured is Margie Young, band librarian.

FIELD LEADERS FOR THE 1964-65 MARCHING GREEN — Mary Lois Patterson, left, will be the drum major for the Hamlin High School Band during 1964-65. She is the daughter of Mr. and Mrs. LaFoy Patterson. Also pictured, left to right, are Donna Compton, head majorette, daughter of Mr. and Mrs. R. D. Compton; Jane Ferguson, daughter of Mr. and Mrs. John D. Ferguson; Lynn Brannon, daughter of Mr. and Mrs. Wilson Brannon; and Glenda Hudspeth, daughter of Mr. and Mrs. Joe Hudspeth.

OLD GLORY...

By JUDY WHITE

Mr. and Mrs. Barney Osborne and Teak of Vernon visited Mr. and Mrs. Beno Hertenburger recently.

Mr. and Mrs. Beno Hertenburger visited Mr. and Mrs. Don Hertenburger, Donny, Phyllis and Marsha Sunday in Abilene. Don is the Hertenburger's son.

Dinner guests in the home of Mr. and Mrs. V. R. Leverett Sunday were Mr. and Mrs. Ronald Mathews, Abilene; Mrs. Charles Mathews and Becky, Newburgh, N. Y.; Mrs. G. C. Westbrook and Mrs. Mary Long of Albany Ga.; Ray Leverett, Abilene; Ray Patterson, Petrolia; Virginia Johnson; Mr. and

Mrs. Vernon Leverett, Jr., Farmington, N. M.

Mrs. Hattie Bell Puckett and her sister from Dallas were in Old Glory recently visiting old friends. Mrs. Puckett is the former Hattie Bell Bartlett. She once taught school at Old Brandenburg school before it was consolidated with Old Glory.

Mr. and Mrs. George Rhoads are proud parents of a son, Tom Lee, who was born at Haskell County Hospital on Monday May 4. The baby weighed 10 pounds. He has a sister, Sherry who was two years old in April. Paternal grandparents are Mr. and Mrs. Tom Rhoads of Haskell, and

Mr. and Mrs. C. L. Offill of Old Glory are his maternal grandparents.

Mrs. Barbara Winkle of Lancaster, Calif., has been here recently visiting her mother, Mrs. Kate Hart and her sister and husband, Mr. and Mrs. Carl Hunt.

Mr. and Mrs. Sandy Leverett of Farmington, N. M., were here last week visiting his parents, Mr. and Mrs. V. R. Leverett, and her parents, Mr. and Mrs. John L. Garner. They attended the wedding of Sandy's sister, Clarice, and Ronald Mathews in Abilene Friday.

The wheat harvest is in full swing at Old Glory. Garrett Spitzer brought the first load of 1964 wheat to be processed at United Industries Co. elevator here Friday, May 16.

Martha Anna Neumann, daughter of Mr. and Mrs. John V. Neumann, is a candidate for a bachelor of science degree to be conferred Sunday, May 31, at Texas Lutheran College in Seguin.

Miss Neumann majored in elementary education.

NAME OMITTED
In announcing the arrival of Joe Bob, son of Mr. and Mrs. Joe Wayne Carter, last week the name of the maternal great grandmother, Mrs. Frances Scott, was omitted.

HEIDENHEIMER'S

TEXAS 65 TO HOLD SECOND ENROLLMENT PERIOD IN JUNE

The Texas 65 Health Insurance Association will hold its second open enrollment period for senior citizens during the first two weeks of June, according to an announcement by H. Lewis Rietz, of Houston, president of the association.

"Over 50,000 Texans, past the age of 65, took advantage of the first Texas 65 enrollment period last October. However, it has become increasingly apparent that more of our senior citizens wish to avail themselves of the benefits of Texas 65, so we have decided to open the program for additional enrollments June 1 through June 15," Rietz stated.

That Texas 65 is filling the need we hoped it would be evidenced by the fact that over \$1 million has been paid in claims to 4500 senior citizens of our state since the program went into effect last November," Rietz concluded.

During the first two weeks of June any resident of Texas, past the age of 65, may purchase the low cost health insurance regardless of age or physical condition and without completing a lengthy medical questionnaire.

Husbands and wives of those past 65 who purchase the insurance also qualify for Texas 65, regardless of age. It may also be purchased by sons and daughters in behalf of parents or relatives without the necessity of the insured's signature.

The Texas 65 Health Insurance Association was authorized by unanimous vote of the 58th Texas Legislature and was endorsed by Governor John Connally.

The unique health insurance program offers three plans to the senior citizen.

The basic plans pays a maximum of \$12 per day for a hospital room up to 31 days, a part of the costs of doctor's hospital visits, surgical fees up to \$200 and miscellaneous charges up to \$125. Monthly premiums are \$9.

The major medical plan costs

\$10 per month and covers hospital expenses up to \$5,000 during any calendar year, or about 80 percent of all hospital, surgical and nursing home expenses after the first \$75. This plan is designed primarily for those who have some basic health insurance coverage or who are financially able to meet the costs of basic coverage.

The third Texas 65 plan is a combination of both the basic and major medical plans. Premiums for this plan are \$19.

The basic or major medical plan may be purchased separately or in combination under plan three.

Benefits of Texas 65 are guaranteed and underwritten by an association of 64 insurance companies authorized to do business in the state.

Texas 65 will be available June 1 through June 15 from any insurance agent licensed to sell health insurance in Texas.
